Imaging Disaster Gennifer Weisenfeld, 2012-11-14 *Imaging Disaster* is a rich social history of Japan's Great Kanto Earthquake of 1923. Drawing on a kaleidoscopic range of images from the fine arts, magazines, cartoons, and other popular sources, Gennifer Weisenfeld has produced an original study of this catastrophic event from an art historical perspective. Jonathan Reynolds, Barnard College. *Imaging Disaster* is an exhaustive and illuminating study of the visual culture generated by Japan's most devastating natural disaster. Comprehensive in scope, covering photography, cinema, painting, postcards, sketches, urban planning, and even scientific models, Weisenfeld makes a compelling point that the massive profusion of visual representations that followed the quake must itself be considered an integral part of this tragic historical event. Seiji Lippit, UCLA.

Truth in Fiction John Woods, 2018-02-23 This monograph examines truth in fiction by applying the techniques of a naturalized logic of human cognitive practices. The author structures his project around two focal questions: What would it take to write a book about truth in literary discourse with reasonable promise of getting it right? What would it take to write a book about truth in fiction as true to the facts of lived literary experience as objectivity allows? It is argued that the most semantically distinctive feature of the sentences of fiction is that they are unambiguously true and false together. It is true that Sherlock Holmes lived at 221B Baker Street and also concurrently false that he did. A second distinctive feature of fiction is that the reader at large knows of this inconsistency and isn't in the least cognitively molested by it. Why? It is asked: would this be so? What would explain it? Two answers are developed. According to the no contradiction thesis, the semantically tangled sentences of fiction are indeed logically inconsistent but not logically contradictory. According to the no bother thesis, if the inconsistencies of fiction were contradictory, a properly contrived logic for the rational management of inconsistency would explain why readers at large are not thrown off cognitive stride by their embrace of those contradictions. As developed here, the account of fiction suggests the presence of an underlying three or four-valued dialethic logic. The author shows this to be a mistaken impression. There are only two truth values in his logic of fiction. The naturalized logic of *Truth in Fiction* jettisons some of the standard assumptions and analytical tools of contemporary philosophy chiefly because the neurotypical linguistic and cognitive behaviour of humanity at large is at variance with them. Using the resources of a causal response epistemology in tandem with the naturalized logic, the theory produced here is data-driven, empirically sensitive, and open to a circumspect collaboration with the empirical sciences of language and cognition.

Black Professional Women in Recent American Fiction Carmen Rose Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace. Despite their success, few novels

celebrate their accomplishments Black middle class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers desire stability in their personal lives aspire to accrue wealth and live elegantly though not consumptively The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace

Identifying the extent to which contemporary novels satisfy the readerly desires of black middle class women readers this book investigates why the readership wants the texts as well as what they prefer in the books they buy It also examines the technical and cultural factors that contribute to the lack of books with self empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan two novels that function as significant markers in the development of contemporary black women writers texts **Willie Morris** Jack Bales, 2015-06-14

Scott Fitzgerald Ruth Prigozy, 2002 Eleven specially commissioned essays by major Fitzgerald scholars present a clearly written and comprehensive assessment of F Scott Fitzgerald as a writer and as a public and private figure No aspect of his career is overlooked from his first novel published in 1920 through his more than 170 short stories to his last unfinished Hollywood novel Contributions present the reader with a full and accessible picture of the background of American social and cultural change in the early decades of the twentieth century The introduction traces Fitzgerald's career

as a literary and public figure and examines the extent to which public recognition has affected his reputation among scholars critics and general readers over the past sixty years This volume offers undergraduates graduates and general readers a full account of Fitzgerald's work as well as suggestions for further exploration of his work Hide And Seek (A Dog Lover's Texas K-9 Medical Suspense Thriller): September Day & Shadow Series #2 Amy Shojai,2019-04-20 a creepy must read mystery for animal lovers J T Ellison NYT bestselling author Fall in love with heart pumping fast paced action brimming with amateur sleuthing and loyal dogs THE DOG NEVER DIES BUT THE BAD GUYS GET JUSTICE With plenty of thrills you'll cheer for the service dog story and get hooked on the crazy suspenseful secrets in this small Texas town Read all night gasp at the twists dry happy tears then catch your breath for the next installment A ruthless stalker A lethal epidemic Can a wounded soul prevent old family secrets from destroying her future and killing those she loves Eight years ago animal behaviorist September Day escaped a sadistic captor who left her ashamed terrified and struggling with PTSD She trusts no one except her Maine Coon cat Macy and service dog Shadow Shadow also struggles with trust A German Shepherd autism service dog who rescued his child partner only to lose his boy forever Shadow's crippling fear of abandonment shakes his faith in humans Can September solve an epidemic of Alzheimer's like symptoms evade a relentless sadist from her past and protect her chosen family from the killer Hide And Seek is the second action packed installment in the gripping September and Shadow series If you like roller coaster thrills and courageous animal heroes then you'll love Amy Shojai's dark suspense series Buy Hide And Seek to pursue justice today A European Version of Victorian Fiction Allan Christensen,1996 In this first systematic assessment of Ruffini's literary achievement the seven novels that are apparently so different from each other emerge as an aesthetically coherent and individualized contribution to the mid Victorian fictional canon Composed in English by an Italian exile resident in Paris they describe interactions among men and women of many nationalities and trace interesting European journeys and pilgrimages during the early days of mass tourism While thus documenting such phenomena as expanding rail networks holiday resorts and health spas the novels dramatize more importantly the inadequacy of narrowly local and intolerant perspectives The protagonists must gain a broadly cosmopolitan vision and sense of mutuality as they pursue the common quest for self integration and for a purpose in life A patriotic commitment like that which had engaged Ruffini in his youthful Mazzinian phase cannot now offer that purpose and the narratives convey strong scepticism about other ideals such as romantic love too More positively the stories contain many dedicated physicians who practice a holistic medicine and who thereby substitute for the often sinister priests of a corrupt religious establishment Ministering to the humanity that Ruffini typically portrays as sick or wounded and tormented by misanthropy and guilt they are the chief mitigators of the bleakness of the modern condition **Preacher and Homiletic Monthly** ,1914

In the Best Interest of Students Kelly Gallagher, 2023-10-10 In his new book In the Best Interest of

Students Staying True to What Works in the ELA Classroom teacher and author Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well. He takes the long view reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students' literacy skills. Instead of blindly adhering to the latest standards movement, Gallagher suggests increasing the amount of reading and writing students are doing while giving students more choice around those activities. Balancing rigorous high quality literature and non fiction works with student selected titles. Encouraging readers to deepen their comprehension by moving beyond the four corners of the text. Planning lessons that move beyond Common Core expectations to help young writers achieve more authenticity through the blending of genres. Using modeling to enrich students' writing skills in the prewriting, drafting and revision stages. Resisting the de-emphasis of narrative and imaginative reading and writing. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students?
