Catherine Delaney, 2005-02-01 Kathleen was the average girl of fourteen years brown hair and eyes of green She lives in the most average life Kathleen thought her town average in the most average boring way this in the up most sincere way Soon the halls of her average plain suburbia school would get a rude a wakening to a weird adventure When a boy is sent on a mission to tell a tale centuries old Unbelievable as it is her ears don't close him out Five wizards lived long ago together they ruled each with separate tasks One ruled the earth the soil and her blessings the plants from the smallest tree to the tallest trees One ruled the humans with their ways of being One ruled the waters all of the rivers and mighty oceans One ruled the animals that flew or crawled And finally one ruled the skies Three had been murdered but one of their own Now two remained One hid away to keep his ways alive waiting for someone to help Little did Kathleen know things wouldn't be average around here anymore **The North British Review**, 1865 *Cassell's Educator for the Young, etc. [Another edition of "The Child's Educator."]* John CASSELL, 1865 **Wuhu Diary** Emily Prager, 2007-12-18 In 1994 an American writer named Emily Prager met her new daughter LuLu All she knew about her was that the baby had been born in Wuhu a city in southern China and left near a police station in her first three days of life Her birth mother had left a note with Lulu's western and lunar birth dates In 1999 Emily and her daughter now a happy fearless four year old returned to China to find out more That journey and its discoveries unfold in this lovely touching and sensitively observed book In Wuhu Diary we follow Emily and LuLu through a country where children are doted on yet often summarily abandoned and where immense human friendliness can coexist with outbursts of state orchestrated hostility particularly after the U.S. accidentally bombs the Chinese embassy in Belgrade We see Emily unearthing precious details of her child's past and LuLu coming to terms with who she is The result is a book that will delight anyone interested in China and that will move and instruct anyone who has ever adopted or considered adopting a child *Definitions* Henry Seidel Canby, 2021-05-20 In *Definitions* Henry Seidel Canby presents a profound exploration of the nature and function of language artfully blending philosophical inquiry with literary artistry The book is structured around a series of essays that dissect the meanings of various terms employing a style that is both eloquent and incisive Canby deftly intertwines personal reflections with broader cultural critiques thus situating his work within the American literary context of the early 20th century when the fluidity of language was a major theme as writers grappled with modernity's complexities Henry Seidel Canby was a distinguished literary critic and educator deeply embedded in the intellectual currents of his time As a key figure in the American Renaissance Canby's credentials as a scholar and editor provided him with a unique vantage point to navigate the evolving landscapes of American literature and philosophy His keen insights stem from a life dedicated to understanding the interplay between words and ideas which undoubtedly influenced his innovative approach in *Definitions* I wholeheartedly recommend *Definitions* to readers seeking an enriching engagement with language's nuances Canby's articulate deconstruction of terminology invites introspection and

challenges assumptions making this work not only a testament to his literary prowess but also an essential read for anyone invested in the power and implications of words

*The Smile* A. R. Easterling, 2015-07-30 This is a story of love Love which is the same no matter the soul's shell No one should have to be ashamed of the people they love as we are all human I love you Who would have ever thought the words which caused me such dread in the past could ever come to sound so beautiful and feel so very wonderful Returning to Japan after the loss of his mother Hitori hopes to start anew He enters school and longs to make new friends Quickly he realizes that friendship will not be the only thing he finds Befriending a quiet classmate Hitori finds himself falling hopelessly in love Akaya is a shy quiet boy who finds himself stumbling through life afraid of many things At first he is bothered by the outrageous look of the new student Before long however he comes to enjoy the company of the blue haired man and wonders how he made it so long without a friend like Hitori As their friendship blossoms then turns to love the boys have to learn to ignore harsh words from school society and family alike Despite this their love grows and soon they realize soul mates really do exist The sun shines brighter than ever before and the nights aren't nearly as cold as they once were Love has finally warmed the two distraught souls and created an illusion of serenity As seasons change the boys continue to defy society and become something magical But upon receiving horrible news from his mother everything in Akaya's life changes When a time limit is placed on their love the boys fight to make their remaining time together something meaningful Love becomes their whole life as they realize they may not get the fairytale ending to their relationship Without him I am like a book ripped in half Without the beginning you would surely be confused and without the end you will never be fulfilled What could tear these two apart After fighting past societal norms school bullying and angry parents what could finally break them apart
