**The Sony Alpha NEX-7** Carol F. Roullard, Brian Matsumoto Ph.D., 2012-11-21 The Sony Alpha NEX 7 The Unofficial Quintessential Guide provides a wealth of experience-based information and insights for owners of this exciting new camera. Authors Carol F. Roullard and Brian Matsumoto team up to help the new user navigate past the confusion factor that often comes with complex and powerful camera equipment. This book explores the features and capabilities of the camera in a way that far surpasses the user's manual. It guides you through the camera features with step-by-step setting adjustments and detailed how, when, and why explanations for each option. Every button, dial, switch, and menu configuration setting is explored in a friendly manner with suggestions and tips for setup according to various shooting styles. The informative text is illustrated with screenshots and example images throughout, making it easy to follow along. The authors cover everything from the basic features of the camera to numerous advanced photographic applications. The first section of the book teaches the new user to start taking pictures immediately by using the camera's Intelligent Automatic mode. The second section covers how to begin taking more control by switching to the semi-automatic modes. Finally, you'll learn to take full manual control of the camera, allowing you to break some rules and capture images that are a unique reflection of your creative personality. Carol and Brian go beyond just the camera itself and share how third-party software and optional accessories can

improve on the camera's standard commands You'll even learn how the electronic viewfinder the fixed mirror and Sony's novel shutter design improve the camera's utility for critical scientific photography i.e. photomicrography and photography through the telescope The Sony Alpha NEX 7 The Unofficial Quintessential Guide will allow you to really take control of your camera to push the envelope and to have fun [The Complete Guide to Sony's Alpha 99 SLT Volume I \(B&W Edition\)](#) Gary Friedman,2013-03-31 Love your new 24 megapixel wonder need help in understanding all of its features Then this book is for you Written for the advanced user with tutorials and easy explanations in case you're not so advanced this easy to understand yet thorough guide provides a complete instruction manual which explains each feature in plain English and provides hundreds of visual examples as well There is no better way to learn about and get the most out of your camera This is Volume I Volume 2 is available at the author's website which I'm not allowed to post here but the URL appears in the book on page iii Low cost full color instantly downloadable pdf version of volumes 1 and 2 is also available at author's website at Friedman Archives Press dot com **The Friedman Archives Guide to Sony's A6300 (B&W Edition)** Gary L.
