Enzymes in Action Green Solutions for Chemical Problems B. Zwanenburg, Marian Mikołajczyk, Piotr Kielbasiński, 2000 *Enzymes in Action* is a timely survey of a modern development in organic chemistry It is clear that bioreagents demand that organic chemists think in a different way If they do so they will open up new avenues of exciting new chemistry that will permit problems to be solved in an elegant way The first section covers the concepts necessary to understand enzymes in molecular operations The second section covers heteroatom enzyme chemistry with considerable attention being given to the use of enzymes in the detoxification of chemical warfare agents and their application in environmental problems The final section highlights the strategic use of enzymes in organic chemistry It is clear that the term green chemistry is appropriate since enzyme mediated processes occur under mild environmentally benign conditions and enzymes enable chemists to perform new chemical operations that would otherwise be difficult to achieve at all

Waves And Rays In Elastic Continua (Fourth Edition) Michael A Slawinski, 2020-09-24 Seismology as a branch of mathematical physics is an active subject of both research and development Its reliance on computational and technological advances continuously motivates the developments of its underlying theory The fourth edition of *Waves and Rays in Elastic Continua* responds to these needs The book is both a research reference and a textbook Its careful and explanatory style which includes numerous exercises with detailed solutions makes it an excellent textbook for the senior undergraduate and graduate courses as well as for an independent study Used in its entirety the book could serve as a sole textbook for a year long course in quantitative seismology Its parts however are designed to be used independently for shorter courses with different emphases The book is not limited to quantitative seismology it can serve as a textbook for courses in mathematical physics or applied mathematics
