Transforming Public Services by Design Sabine Junginger, 2016-12-01 For policy makers and policy implementers design challenges abound Every design challenge presents an opportunity for change and transformation To get from policy intent to policy outcome however is not a straightforward journey It involves people and services as much as it involves policies and organizations Of all organizations perhaps government agencies are perceived to be the least likely to change They are embedded in enormous bureaucratic structures that have grown over decades if not centuries In effect many people have given up hope that such an institution can ever change its ways of doing business And yet from a human centered design perspective they present a fabulous challenge Designed by people for people they have a mandate to be citizen centered but they often fall short of this goal If human centered design can make a difference in this organizational context it is likely to have an equal or greater impact on an organization that shows more flexibility for example one that is smaller in size and less entangled in legal or political frameworks Transforming Public Services by Design offers a human centered design perspective on policies organizations and services Three design projects by large scale government agencies illustrate the implications for organizations and the people involved in designing public services the Tax Forms Simplification Project

by the Internal Revenue Service 1978 1983 the Domestic Mail Manual Transformation Project by the United States Postal Service 2001 2005 and the Integrated Tax Design Project by the Australian Tax Office These case studies offer a unique demonstration of the role of human centered design in policy context This book aims to support designers and managers of all backgrounds who want to know more about reorienting policies organizations and services around people Public Administration in the Middle East and North Africa Shahjahan Bhuiyan,2023-06-30 This book examines the status of public administration in eight countries the United Arab Emirates UAE Turkey Lebanon Jordan Morocco Tunisia Sudan and Libya in the Middle East and North Africa MENA This volume explores the issues perspectives traditions and cultures that shape the operation of public administration in the region This book also offers critical narratives on how the region s governments manage the state and statecrafts regarding their governance design It reflects on the multiplicity of public administration structures functions processes and procedures as well as reform schemes which are critical in achieving good governance to continuously improve the human condition in the MENA region Public Administration in the Middle East and North Africa will be of interest to scholars practitioners and students concerned with the ways in which technological change knowledge accumulation and dissemination can increase a state s effective governance capacity Foreword by B Guy Peters University of Pittsburgh is freely available to download on the Routledge website **Biomass and Biofuels** Shibu Jose,Thallada Bhaskar,2015-04-22 The long held tenets of the energy sector are being rewritten in the twenty first century The rise of unconventional oil and gas and of renewables is transforming our economies and improving our understanding of the distribution of the world s energy resources and their impacts A complete knowledge of the dynamics underpinning energy markets is necessary for decision makers reconciling economic energy and environmental objectives Those that anticipate global energy developments successfully can derive an advantage while those that fail to do so risk making poor policy and investment decisions Focused on solving the key challenges impeding the realization of advanced cellulosic biofuels and bioproducts in rural areas Biomass and Biofuels Advanced Biorefineries for Sustainable Production and Distribution provides comprehensive information on sustainable production of biomass feedstock supply chain management of feedstocks to the biorefinery site advanced conversion processes and catalysts biocatalysts for production of fuels and chemicals using conventional and integrated technologies The book also presents detailed coverage of downstream processing and ecological considerations for refineries processing lignocellulosic and algal biomass resources Discussions of feedstock raw materials methods for biomass conversion and its effective integration to make biorefinery more sustainable economically environmentally and socially give you the tools to make informed decisions **eWork and eBusiness in Architecture, Engineering and Construction** Ardeshir Mahdavi,Bob Martens,Raimar Scherer,2014-08-21 In the last two decades the biannual ECPPM European Conference on Product and Process Modelling conference series has provided a unique platform for the presentation and discussion of the most recent advances with regard to the ICT Information and Communication
