Writing Theology Well Lucretia B. Yaghjian, 2006-11-24 In its creative integration of the disciplines of writing, rhetoric, and theology, *Writing Theology Well* provides a standard text for theological educators engaged in the teaching and mentoring of writing across the theological curriculum. As a theological rhetoric, it will also encourage excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers, preachers, and communicators in a variety of ministerial and professional contexts.

The Information Literacy Framework Heidi Julien, Melissa Gross, Don Latham, 2020-02-07 This book helps demystify how to incorporate ACRL's Framework for Information Literacy for Higher Education into information literacy instruction in higher education, as well as how to teach the new Framework to pre-service librarians as part of their professional preparation. This authoritative volume, copublished by the Association for Library and Information Science Education (ALISE), demonstrates professional practice by bringing together current case studies from librarians in higher education who are implementing the Framework for Information Literacy for Higher Education, as well as cases from educators in library and information science who are working to prepare their pre-service students to practice in the new instructional environment. Instructional librarians, administrators, and educators will benefit from the experiences of the people on the ground who are actively working to make the transition to the Framework in their professional practice.

Writing Theology Well 2nd Edition Lucretia B. Yaghjian, 2015-09-24 A working guide for students conducting theological writing and research on theology and biblical studies courses, this book integrates the disciplines of writing, rhetoric, and theology to provide a standard text for the teaching and mentoring of writing across the theological curriculum. As a theological rhetoric, it also encourages excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers, preachers, and communicators in a variety of ministerial and professional contexts. This 2nd Edition includes new chapters on *Writing Theology in a New Language*, which explores the linguistic and cultural challenges of writing theology well in a non-native language, and *Writing and Learning Theology in an Electronic Age*, addressed to distance learning students learning to write.

From Hip-Hop to

Hyperlinks Joanna N. Paull, 2009-03-26 From Hip Hop to Hyperlinks is a text designed to invigorate composition teachers' classroom approaches for getting students to better understand American culture. The contributors share their strategies from their classrooms including such exciting topics as food, comedy, music, technology, and photography. Readers may use this collection in a pragmatic way or as inspiration for developing and revising their current cultural curriculum. In general, these essays trace semester-long course structures to allow readers to see how one assignment leads into the next, often offering student writing samples along the way. There is not another collection out there quite like this one. Ideal for graduate students learning strategies for teaching new teachers seeking some effective strategies or even seasoned professors looking for new teaching ideas. From Hip Hop to Hyperlinks is an exciting addition to any composition instructor's collection of teaching texts.

Financial Economics and Econometrics Nikiforos T. Laopodis, 2021-12-14 Financial Economics and Econometrics provides an overview of the core topics in theoretical and empirical finance with an emphasis on applications and interpreting results. Structured in five parts, the book covers financial data and univariate models, asset returns, interest rates, yields, and spreads, volatility and correlation, and corporate finance and policy. Each chapter begins with a theory in financial economics followed by econometric methodologies which have been used to explore the theory. Next, the chapter presents empirical evidence and discusses seminal papers on the topic. Boxes offer insights on how an idea can be applied to other disciplines such as management, marketing, and medicine, showing the relevance of the material beyond finance. Readers are supported with plenty of worked examples and intuitive explanations throughout the book, while key takeaways test your knowledge and test your intuition. Features at the end of each chapter also aid student learning. Digital supplements including PowerPoint slides, computer codes, supplements, an Instructor's Manual, and Solutions Manual are available for instructors. This textbook is suitable for upper-level undergraduate and graduate courses on financial economics, financial econometrics, empirical finance, and related quantitative areas.

Technical Writing That Works Edward J. Altmann, George J. Hallesky, 2011-10-25 Technical writing is informative prose concerning mechanical or scientific subject matter. The contents of good technical writing have not changed throughout the years, but the methods by which we convey this subject matter have changed as a result of the computer and the Internet. Technical writing must be clear, concise, correct, and complete. This text conveys the procedures writers need to follow to meet the goal of good technical writing, to allow each reader to receive the same meaning from a piece of writing.
