Tamar Szabó Gendler,John Hawthorne,Julianne Chung,2022-12-15 Oxford Studies in Epistemology is a periodical publication which offers a regular snapshot of state of the art work in this important field Under the guidance of a distinguished editorial board it publishes exemplary papers in epistemology broadly construed Anyone wanting to understand the latest developments in the discipline can start here **The Pacific Garden** ,1911 *Deader Homes and Gardens* Joan Hess,2012-02-14 Claire Malloy discovers that house hunting can be murder literally in the latest entry in Joan Hess s wildly entertaining series *Mystery Scene* Back from her somewhat unusual honeymoon Claire Malloy must face the harsh reality of life with her new husband police chief Peter Rosen and her teenage daughter Caron three people simply can t fit into her cosy two bedroom apartment After a week of fruitless looking she finally finds the perfect place a well preserved large house on a large plot of land in an area called Hollow Valley There are only a few problems Such as the real estate agent disappeared mid showing and hasn t been seen since And the last owner died in circumstances labeled accidental but were actually both mysterious and dubious The family that owned the estate is now suing the lover of the dead owner over the rights to the property Oh and it isn t really for sale When the previous owner s lover dies practically at her feet Claire decides to take matters into her own hands After all to get the house of her dreams first she has to find a killer And all s fair in love war and real estate *Faith Seeking Conviviality* Samuel E. Ewell,2019-12-30 Faith Seeking Conviviality traces the journey of a U S missionary into Brazil and beyond seeking to be faithfully present while also questioning the default settings of good intentions Taking Ivan Illich as the primary theological guide on that journey Faith Seeking Conviviality narrates the discovery of a renewed imagination for Christian mission that arises as a response to two persistent questions First given the colonial history of Christian missionary expansion on what basis do we go on fulfilling the Great Commission Matt 28 16 20 as Christ s disciples A second question intimately related to the first is What makes it possible to embody a distinctively Christian presence that is missionary without being manipulative In doing theology with and after Ivan Illich Faith Seeking Conviviality does not offer a pull off the shelf model for mission but rather a framework for embodying the incarnational logic of mission that entails a convivial turn delinking missionary discipleship from the lure of techniques and institutional dependence in order to receive and to share the peace of Christ relationally *Being Online* Jian Wang,2021-10-05 A pioneer of cloud computing and big data offers his vision of the future world taking shape around us Jian Wang was the founder and architect of Alibaba s cloud and has been the driving force behind its technology innovations He was also the founder of the City Brain initiative to develop a new digital infrastructure for sustainable cities Being Online is his meditation on the moment we are in as the digital era shifts to the internet era spawning new innovations at a seemingly dizzying pace

cloud computing 5G artificial intelligence big data wearables robots virtual reality the internet of things blockchain and more For Wang the invisible hand that connects them is being online The conjunction of computing data and the internet has erased the difference between being online and off When computing can be done in the cloud it is on the road to becoming a utility When data is connected making it big its usefulness multiplies exponentially in unforeseeable ways as does its value This moment will be as transformative for humanity as Henry Ford s production line Data is changing the nature of business Computing is reshaping the economy The cloud will help us do things we could never do before at scales that were previously impossible It will reshape our vision of the world as electrification once did and more recently the transition from analog to digital While telling the story of Alibaba s breakthroughs and the development of his own understanding of the internet Jian Wang s visionary book lays out the implications of this shift and how to think about being online *The Sentimental Life of International Law* Gerry Simpson, 2021 The Sentimental Life of International Law is about our age old longing for a decent international society and the ways of seeing being and speaking that might help us achieve that aim This book asks how international lawyers might engage in a professional practice that has become to adapt a title of Janet Malcolm s both difficult and impossible It suggests that international lawyers are disabled by the governing idioms of international lawyering and proposes that they may be re enabled by speaking different sorts of international law or by speaking international law in different sorts of ways In this methodologically diverse and unusually personal account Gerry Simpson brings to the surface international law s hidden literary prose and offers a critical and redemptive account of the field He does so in a series of chapters on international law s bathetic underpinnings its friendly relations the neurotic foundations of its underlying social order its screened off comic dispositions its anti method and the life worlds of its practitioners Finally the book closes with a chapter in which international law is re envisioned through the practice of gardening All of this is put forward as a contribution to the project of making international law again a compelling language for our times *The Courage to be Forgotten* Spencer Green, 2025-08-27 What if the greatest freedom comes not from being remembered but from letting go In a world that glorifies status recognition and constant validation many of us live under the invisible weight of trying to prove our worth The Courage to be Forgotten is a powerful invitation to step out of the exhausting race for approval and discover the deep peace that comes with surrendering the ego Spencer Green takes you on a soul shifting journey through timeless truths and practical wisdom that free you from the chains of judgment comparison and the endless need to be somebody With clarity and compassion he shows you how to Release the grip of ego and the myths that keep you restless Embrace the present moment as your true source of peace Redefine success on your own terms without chasing applause Heal from disappointment drama and the burden of approval seeking Cultivate authentic relationships rooted in presence not performance Practice simple daily habits that protect your energy and nurture stillness This is more than a book it s a quiet revolution for your heart It reminds you that your worth has never depended on applause recognition or being remembered If
