Something's Gotta Give Maggie Adams, 2015-06-30 Chance Coalson loves women And they love him Young or old no woman is immune to his charm Except one Georgia Haines is the only female volunteer firefighter in Grafton She's had a crush on Chance Coalson since he offered her his handkerchief at her momma's funeral But she's smart enough to know that it takes a special woman to tame a charmer like Chance and there's nothing particularly special about her When fire breaks out at the Coalson's construction business and Chance is trapped inside Georgia braves the flames to save him only to discover her crush has morphed into love And she's helpless to hide her desire Chance awakens to find an angel breathing life into his lungs with a kiss The woman he wanted more than any other was the one who paid the Casanova of the County no mind So how does a man with a bad reputation convince a shy firefighter that he's worth taking a chance on love By fighting fire with fire **Something's Gotta Give, Directed by Nancy Meyers**, 2003

Something's Gotta Give, 2012 **Nancy Meyers** Deborah Jermyn, 2017-07-27 Nancy Meyers is acknowledged as the most commercially successful woman filmmaker of all time described by Daphne Merkin in The New York Times on the release of It's Complicated as a singular figure in Hollywood she may in fact be the most powerful female writer director producer currently working Yet Meyers remains a director who alongside being widely dismissed by critics has been largely absent in scholarly accounts both of contemporary Hollywood cinema and of feminism and film Despite Meyers impressive track record for turning a profit including the biggest box office return ever achieved by a woman filmmaker at that time for What Women Want in 2000 and a multifaceted career as a writer producer director dating back to her co writing Private Benjamin in 1980 Meyers has been oddly neglected by Film Studies to date Including Nancy Meyers in the Bloomsbury Companions to Contemporary Filmmakers rectifies this omission giving her the kind of detailed consideration and

recognition she warrants and exploring how notwithstanding the challenges authorship holds for feminist film studies Meyers can be situated as a skilled auteur This book proposes that Meyers box office success the consistency of style and theme across her films and the breadth of her body of work as a writer producer director across more than three decades at the forefront of Hollywood thus importantly bridging the second third waves of feminism make her a key contemporary US filmmaker Structured to meet the needs of both the student and scholar Jermyn s volume situates Meyers within this historical and critical context exploring the distinctive qualities of her body of work the reasons behind the pervasive resistance to it and new ways of understanding her films *The Rom-Com Ultimate Trivia Book* Neal E. Steven Suskin,2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute the Great American Songbook endures After all the Songbook that sprawling canon of popular songs standards and show tunes from roughly the 1920s through the 1950s is a foundational text of American pop music Rare indeed is the song that doesn t in some way draw on this magnificent corpus and rare is the person who hasn t heard at least a few of its most enduring melodies Nonetheless the Songbook is broader and deeper than most listeners can imagine and on the margins the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike Attempting to plumb its depths can be a daunting prospect Enter Steven Suskin who has been writing about music since the days that Rodgers Arlen and Berlin still roamed the streets of Manhattan In this carefully curated and cheerfully opinionated guidebook Suskin surveys 201 of the most significant selections from the Songbook ranging from celebrated masterpieces to forgotten gems Year by year he puts songwriters and their contributions in their context and explains what makes each song such a distinctive treat whether felicitous melody colorful harmony compositional originality or merely the sheer irreducible joy of listening to it Old and new favorites await all readers of this painstakingly compiled enthusiastically written catalog *Keanu Reeves'*

Excellent Adventure - An Unauthorized Biography Marc Shapiro,2020-08-31 Talented actor Charismatic celebrity Woman magnet Author A free thinker and an independent soul That s the shorthand when it comes to the worldwide perception of Keanu Reeves But there s more to the real Keanu than pop culture talking points and in *Keanu Reeves Excellent Adventure An Unauthorized Biography* by New York Times bestselling author Marc Shapiro the star of *Speed John Wick Point Break* and countless big and small films proves to be a lot more contrary and anti establishment than most Hollywood cookie cutter celebrities Equal parts biography and character study *Keanu Reeves Excellent Adventure An Unauthorized Biography* is an ink blot rat in a maze journey as the actor deals with his life and times in straightforward often philosophical and spiritual manner He can be shy self effacing an introvert and somebody who has been a pain in the side of the Hollywood establishment He s also found time to be an all around good guy as he deals with life s ups and downs But at the end of the

day Keanu Reeves is nothing less than human He's dealt with the deaths of those he's loved the most He makes no bones about the fact that he comes from a dysfunctional upbringing He's walked away from big budget studio films in favor of doing Hamlet for peanuts And early on he didn't think twice about starring in the overtly gay themed way out of the mainstream theater production Wolfboy He's readily admits to having done drugs and has had his run ins with the law And along the way his risen to that rarified air of international star

Say It with a Beautiful Song Michael Lasser, Harmon Greenblatt, 2024-10-15 An illumination for music lovers and an inspiration to songwriters Booklist Working within the limits of a popular song the songwriters of the Great American Songbook wrote with a combination of familiarity and freshness sentiment and wit The songwriters were masters of craft who created a distinctively American popular music that still resonates strongly today This book looks at the Great American Songbook's craft and its mastery Michael Lasser and Harmon Greenblatt uncover the essential elements of these beloved songs and investigate the qualities that make the songbook a unique staple of American culture Filled with interesting anecdotes each chapter looks at a variety of songs thematically and dives into the lives of songwriters Ultimately Lasser and Greenblatt reveal the genius behind this body of music and show us why the Great American Songbook has stood the test of time

Female Celebrity and Ageing Deborah Jermyn, 2016-04-29 Female Celebrity and Ageing Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing and how ageing female celebrities have negotiated the media in a variety of industrial historical and national contexts In the era when the baby boomers have started drawing their pensions the boundaries of what constitutes old age have never seemed more fluid and ageing has never been presented by advertisers and marketers in a more dynamic fashion However the fact remains that ageing is still widely feared and growing old is an inherently gendered process in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny Nowhere is this conflicting state of affairs more evident than in celebrity culture where ageing female stars are praised for growing old gracefully one moment and condemned for letting themselves go the next when they fail to age appropriately Examining a variety of themes and ageing women in the spotlight from Barbara Stanwyck to Madonna to Charlotte Rampling the essays collected here forge new critical and conceptual insights into how women grow older in the media and the implications of this for what Susan Sontag memorably called the double standard of ageing This book is based on a special issue of Celebrity Studies

Conservative Socialism Roger F. S. Kaplan, 2017-11-30 This work on the decline of French radicalism was conceived after the fall of the Berlin Wall as an essay on the decline and decay of the revolutionary idea in European politics The theme provided an organizing principle for Roger Kaplan s analysis of the evolution of the French left in the wake of events for which it was politically and intellectually unprepared Kaplan provides a basis for understanding the performance of a French socialist regime in power one more uncertain of its mission than at any other time in its history The paradox of French radicalism is that when it was out of office it was quite certain about its mission When it attained power it lost its sense of mission and hence its confidence as to the proper uses of power Conservative Socialism for Kaplan is not simply an invention of the Mitterand Era but an ideology rooted in French history Unwilling or unable to embrace the social democratic idea of the third way French socialism became a force to conserve particularism in French culture and nationalism in its foreign policies While socialism had long become a force to inhibit the rise of capitalism and freedom in

France the decline of its radicalism was inevitable This is because in a country as conservative as France it was necessary for socialists and their assorted allies to project a conservative image to be trusted In France the Left has abandoned the idea of radicalism so as to exercise power Kaplan s unique and imaginative reading of French political history will have a profound effect on how that nation is perceived in this new epoch of the European Union He argues persuasively and fairly that the French Left is alive if not well The Left rose to power in France despite its policy failures embarrassments because it transcended the end to which its political dogma would have consigned it Conservative Socialism will have a stunning impact on how political theorists view political developments in France and Europe *The Humpty Dumpty Principle* Court Johnson,Sylvia Stallings,2016-01-08 Enthusiastic Praise The Humpty Dumpty Principle contains personal experiences offers tangible steps and asks penetrating questions to guide us in becoming active and engaged in the process of change As a psychotherapist specializing in trauma and expressive arts I found this book remarkably helpful It is an indispensable guide in helping us recognize define and rewrite our personal story of grief and offers a plan with hope Lorrie L Nichelson M A Counseling Psychology This book is a wonderful tool to reach into the depths of ourselves and find hidden resources which allows us to transcend our sufferings Lauren Schmidt Psychotherapist In this book personal story and guided steps for writing our own stories point us to the power we each have to find meaning and growth in our pain A truly inspiring and important book Alyse Sweeney Creator of Write to Glow This book is an exciting psychological and spiritual experience that helps create a healthy brighter life J Fierros Yoga Instructor A must read for those in search of their inner self and a path forward a structure to increase self understanding Garry Gibbs Real Estate Broker and Author Selling Santa Barbara I find the content very creative and playful in a very heavy subject Julianna Brooks L C S W **Searise** John Newman,2016-02-29 Imagine a sudden and dramatic worldwide elevation of the sea level of 40 feet Surviving and recovering from a localized natural disaster is drastic enough but when the water rises in a matter of hours all over the world with little advance warning and stays up permanently what happens to the flooded cities and seaports What is the death toll How many survivors are suddenly surrounded by high water and cut off from higher ground Who rescues them and how What happens to the inland cities and towns when tens of millions of refugees start arriving and overwhelm the local resources What happens to the highly developed economies that are heavily dependent on international trade when seaports become unusable What happens when the oil from the Persian Gulf is suddenly no longer available What happens when electrical power generating plants fail and the few remaining plants and interconnected power grids can t support demand Will there be famine civil unrest anarchy or war to grab what few resources are left Searise The Chaos Begins and its sequel Searise Exodus are works of fiction that condense and admittedly exaggerate what will likely happen over the course of the next several decades into an immediate disaster for which the world is unprepared You have never read anything like it **Much Ado About Keanu** Sezin Devi Koehler,2025-04-29 Thanks to his prolific movie career seventy eight movies and counting and endearing real life
