NOTE: When investigating the effectiveness of each of these strategies, you should consider the following questions:

- Follow the installation guide provided with the Wall Mount Bracket. Do not over-tighten screws that are required in installing the TV, especially to determine the strength of the wall for withstanding the TV's weight.
- Do not use the ladder for any damage or injury caused by unsuitable or improper installation.
- Only qualified service personnel should carry out repair and maintenance work.
- For safety reasons, it is strongly recommended that you use 30cm extensions, including:
  - Wall Mount Bracket Kit W-4000S
  - Wall Mount Bracket Kit W-4000L
- The point to join the screws, supplied with the Wall Mount Bracket when attaching the Wall Mount Bracket to the TV set. The supplied screws are not to be used to attach the TV set to the wall from the attaching surface of the Wall Mount Bracket.
- The distance and length of the screws differ depending on the Wall Mount Bracket model. Use of screws other than those supplied may result in internal damage to the TV set or cause it to fall.

- Be sure to store the unused screens and Tupper-Top (Stard) in a safe place until you are ready to attack the Tupper-Top (Stard). Keep the screens away from small children.
