The Imperial Army Project

Douglas E. Delaney,2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked **Annual**

Military Assistance on Request and the Use of Force Erika De

Wet,2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force **Counter-Insurgency in Nigeria** Akali

Omeni,2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military s internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011

and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work s analysis of the air force s role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general South Sudans Injustice System Rachel Ibreck,2019-08-30 An outstanding feat based on in depth research in a difficult setting this book uncovers the dysfunctions of law and the bravery of South Sudan s activists struggling for justice Mark Fathi Massoud University of California Santa Cruz

Military, Politics and Democratization in Southern Africa Tendai Chari,Patrick Dzimiri,2023-08-10 This book explores multiple challenges faced by democratization in Southern Africa Applying a wider lens to the concept of political transition and employing a variety of theoretical and methodological approaches the contributions gathered here explore residual political cultural practices that hinder democratic consolidation in Southern Africa Presenting various case studies the book tackles themes such as the military political nexus leadership renewal constitutionalism electoral politics election violence marginalization of women civil society and political transition media framing and transitional justice Written from a multidisciplinary perspective and drawing on empirical data from multiple sources this edited volume challenges orthodox conceptualizations of political transition The book will be of interest to students and scholars of political science African studies and related fields as well as policy makers and professionals interested in the latest political developments in Southern Africa Special Operations Success James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States **Intra-Africa Migrations** Inocent Moyo,Jussi P. Laine,Christopher Changwe Nshimbi,2021-02-21 This book discusses regional and continental integration in Africa by examining the management of

migration across the continent It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology

For an Anti-capitalist Psychology of Community Nick Malherbe, 2022-04-22 Anti capitalist political struggle is a site of struggling psychologies Conscious political action is never far from unconscious desire and the fight for material justice is always also the fight for dignity and psychological well being Yet how might community psychologists conceive of their discipline in a way that opposes the very capitalist political economy that historically most of the psy disciplines have bolstered in return for disciplinary legitimacy In its consideration of an anti capitalist psychology of community this book does not ignore or try to resolve the contradictory position of such a psychology Instead it draws on these contradictions to enliven psychology to the shifting demands both creative and destructive of a community centred anti capitalism Using practical examples the book deals with the psychological components of building community centred social movements that challenge neoliberal capitalism as a political system an ideology and a mode of governing rationality The book also offers several theoretical contributions that grapple with how an anti capitalist psychology of community can remain attentive to the psychological elements of anti capitalist struggle what the psychological can tell us about anti capitalist politics and how these politics can shape the psychological

New Forms of Human Trafficking Anabela Miranda Rodrigues, Maria João Guia, 2024-03-01 This book analyses new forms of human trafficking taking into account the transposition of the Directive 2011/36/UE which sets out minimum standards to be applied throughout the European Union in preventing and combating trafficking in human beings and protecting its victims Sexual exploitation of trafficked persons is at its highest rate After COVID 19 new forms of sexual exploitation have been identified specifically in the Global South The book analyses new forms of exploitation used by traffickers to coerce victims Combining the perspectives of academic researchers with those of highly skilled professionals from governmental institutions this book is a unique contribution promoting collaboration in preventing and combating

human trafficking crime and in raising awareness of this ongoing problem

The Ethics of Engagement Herman Wasserman, 2021 What role should the media play in conflicts that arise during transitions to democracy What makes the role of the media in Africa different from those in other parts of the world What ethical responsibilities and obligations do the media have towards societies mired in conflict and characterized by social and economic inequality ethnic and racial polarization and histories of oppression and violence The Ethics of Engagement sets out to answer these questions by considering various examples of conflicts in African democracies and proposes an ethics of listening as a normative framework for the media

Prisoners of War and Military Honour, 1789-1918 Jasper Heinzen, 2025-01-03 Early in the modern period prisoners of war with the rank of officer or equivalent had the right to petition for parole By effectively pawning their personal honour they were able to purchase freedom of movement and other privileges in captivity Increasingly other ranks and civilians claimed a right to parole too Based on material from close to thirty Australian British Dutch French German and Swiss archives Jasper Heinzen investigates the role and implications of honour based agreements between prisoners of war and their captors in western European warfare Across a range of ego documents ministerial memoranda the minutes of Masonic lodges and prisoners petitions as well as a substantial body of published material he demonstrates how captives statesmen and humanitarians understood honour in the long nineteenth century how they negotiated national differences and why parole d'honneur continued to matter as a code of conduct into the First World War In so doing the book demonstrates the dichotomy between good codes of conduct prevalent in the eighteenth century and the practices of modern warfare perpetuated by a substantial amount of scholarship to be a false one Explaining the longevity of parole in this novel way raises important questions about the so called military Enlightenment the excesses of the world wars total war and the practices and codes of modern warfare

Women and the Military Ruth Margolies Beitler, Sarah M. Gerstein, 2021-04-07 This addition to the Women and Society around the World series explores the roles challenges and accomplishments of women in the military in countries across the globe Around the world millions of men serve in their countries militaries be it on land on the seas or in the air But while many militaries have opened all positions to women even those on the front lines others remain closed Countries have cited a number of reasons for their policies including changing views of women and the military conscription and economic and demographic trends Written by a professor of comparative politics at the United States Military Academy at West Point and an active duty army major this book seeks to provide an understanding of women's roles in militaries around the world The book is organized by region exploring societal and cultural views of masculinity and war as well as factors influencing changing views of women and the military including conscription and economic and demographic trends Topics also include sexual harassment recruitment and views on women's physicality and strength High school students undergraduates and general readers will find this cross cultural study a fascinating and important resource

In Different Times Ian van der Waag, Albert Grundlingh, 2019-11-15 This is the first

attempt to bring together diverse scholars using different lenses to study South Africa's Border War. As a book, it is critical in approach, provides deeper reflection, and focuses specifically on the SADF experience of the war. The result is a more complex picture of the war's dynamics and its legacies. Although South Africa is a vastly different country today, the study of the Border War opens a range of questions also relevant to contemporary deployments such as in Lesotho (1998) and the Central African Republic (2013). It includes the debate on participation in foreign conflicts, on the deployment design and preparation of appropriate modern armed forces and their use as foreign policy instruments in far-off theatres, on military planning, and as the historical controversies regarding the battles at Cuito Cuanavale and Bangui illustrate on the interface between foreign campaigning and domestic politics.

South Sudan's Injustice System Rachel Ibreck, 2019-08-30. Coming into existence amid a wave of optimism in 2011, South Sudan has since slid into violence and conflict. Even in the face of escalating civil war, however, the people of the country continue to fight for justice despite a widespread culture of corruption and impunity. Drawing on extensive new research, Rachel Ibreck examines people's lived experiences as they navigate South Sudan's fledgling justice system, as well as the courageous efforts of lawyers, activists, and ordinary citizens to assert their rights and hold the government to account. In doing so, the author reveals how justice plays out in a variety of settings, from displacement camps to chiefs' courts, and in cases ranging from communal land disputes to the country's turbulent peace process. Based on a collaborative research project carried out with South Sudanese activists and legal practitioners, the book also demonstrates the value of conducting research with, rather than simply about, those affected by conflict. At heart, this is a people's story of South Sudan: what works in this troubled country is what people do for themselves. **CROP**

PROSPECTS AND FOOD SITUATION Food and Agriculture Organization of the United Nations, 2018-10-29. The report provides a review of the food situation by geographic region, a section dedicated to the LIFDCs, and a list of countries requiring external assistance for food. It also includes a global cereal supply and demand overview to complement the biannual analysis in the Food Outlook publication.

Winning by Process Jacques Bertrand, Alexandre Pelletier, Ardeth Maung Thawngmung, 2022-08-15. *Winning by Process* asks why the peace process stalled in the decade from 2011 to 2021 despite a liberalizing regime, a national ceasefire agreement, and a multilateral peace dialogue between the state and ethnic minorities. *Winning by Process* argues that stalled conflicts are more than pauses or stalemates. *Winning by process* as opposed to winning by war or agreement represents the state's ability to gain advantage by manipulating the rules of negotiation, bargaining process, and sites of power and resources. In Myanmar, five such strategies allowed the state to gain through process: locking in, sequencing, layering, outflanking, and outgunning. The Myanmar case shows how process can shift the balance of power in negotiations intended to bring an end to civil war. During the last decade, the Myanmar state and military controlled the process, neutralized ethnic minority groups, and continued to impose their vision of a centralized state, even as they appeared to support federalism.
