A New English Translation of the Septuagint Albert Pietersma, Benjamin G. Wright, 2007-11-02 Translated from Hebrew and Aramaic originals in the two centuries before Jesus the Septuagint provides important information about the history of the text of the Bible For centuries scholars have looked to the Septuagint for information about the nature of the text and of how passages and specific words were understood For students of the Bible the New Testament in particular the study of the Septuagint's influence is a vital part of the history of interpretation But until now the Septuagint has not been available to English readers in a modern and accurate translation The New English Translation of the Septuagint fills this gap

Time-Travel Television Sherry Ginn,Gillian I. Leitch,2015-10-08 Stories of time travel have been part of science fiction since H G Wells sent his

nameless hero hurtling into Earth's distant future in *The Time Machine*. Time travel enables the storyteller to depict alternate realities, bring fictional characters face to face with historical figures, and depict moral and ethical dilemmas in which millions of lives or the world as we know it are at stake. From *Doctor Who* and *Quantum Leap* to the multiple incarnations of *Star Trek*, time travel has been a staple of science fiction television for more than fifty years. *Time Travel Television: The Past from the Present, the Future from the Past* surveys the whole range of time travel stories on the small screen. The essays in this collection explore time travel series both familiar (*Babylon 5*, *Stargate SG-1*) and forgotten (*The Time Tunnel*, *Voyagers*) as well as time travel-themed episodes and arcs in series where it is not central, such as *Red Dwarf*, *Lost*, and *Heroes*. Contributors to this volume consider some of the classic themes of time travel stories: the promise and peril of fixing the past, the chance to experience and choose possible futures, and the potential for small changes to have great effects. Exploring time travel as a teaching tool, as a vehicle for moral lessons, and as a background for high adventure, this book offers new perspectives on many familiar programs and the first serious study of several unjustly neglected ones. *Time Travel Television* is essential reading for science fiction scholars and fans and for anyone interested in the many ways that television brings the fantastic into viewers' living rooms.

Stolen English Tasha Boyd, 2022-11-22. The problem with a self-appointed bodyguard that you have feelings for is that they are right up close and personal every damn day, and when they look like Evan Roark, they're impossible to ignore. Andrea: I didn't think I'd live another day. It's been almost ten years since I escaped to a life I could never imagine. And to a man I can only dream about. Evan Roark has been my beacon; he's been the man who's shown me that men who are strong can also be safe. After almost a decade, I'm finally ready to take back my life and remember the woman inside me: the woman who wants, who needs, who loves, who feels, who craves. Only he's made it clear I can't crave him. But I haven't made it this far to make a new life only to fail now. I want him to be the one to help me erase my past. And if he wants to be all up in my space, being bossy and overprotective and looking so hot, then I can't help it if I'll try anything possible to get him to touch me. Evan: Nine years ago, I asked my best friend, Xavier, for a favor: a way to keep Andrea safe. While I run security for him and guard his family against all threats, I can also keep her close. I keep her close but never touch. But when she paints a target on her back by filing for divorce, I'm forced to make a choice, and it's her. I have to protect. And now she's calling my bluff, letting me know she's ready to finally trust another man to hold her, to touch her, to love her. It's killing me. I want it to be me, but I can't be both her lover and her protector. If I give in, then I won't see the threat coming. I know what happens when I get distracted: People get hurt. But she's making it so damn difficult. Set against the backdrop of Southern France, in and around a tiny storybook village reminiscent of Belle's village in *Beauty and the Beast*, comes a story of a woman whose life was stolen by an abusive husband and the man who'll help her remember the woman she is inside. This book has a backstory of domestic violence and abuse. It is not on page, but proceed with caution if this is a difficult area for you when it is mentioned.
