Rothman**

Spanish B Paper SI 2002:

The Oxford Handbook of Spanish Politics Diego Muro, Ignacio Lago, 2020-02-17 The Oxford Handbook of Spanish Politics provides a comprehensive and comparative overview of the Spanish political system through the lens of political science. It aims to move away from a complacent analysis of Spanish democracy and provide a nuanced view of some of its strengths and challenges. The Handbook introduces Spanish politics to an international audience of scholars and practitioners. It is structured around six sections that cover Spain's political history, institutional changes, elections, civil society, policy making, and foreign affairs. The volume brings together a distinguished group of 47 internationally renowned scholars who study Spain in its own right or as a case among others in a comparative perspective. The contributors provide expert accounts of contemporary Spain, making the Oxford Handbook of Spanish Politics an invaluable resource for anyone interested in Spanish politics and government since the country's transition to democracy. **Blake**, 2003 The Spanish Welfare State in European Context Ana Marta Guillén, Margarita León, 2016-02-17 Following the death of Franco, Spain underwent a transition to democracy in the mid 1970s. Although a rapid process of modernization occurred, the Spanish welfare state was seen until fairly recently as relatively underdeveloped. However, given the progressive Europeanization and expansion of Spanish social policy, questions arise as to whether the Spanish welfare system should still be considered as peripheral to West European welfare states. This volume is divided into three sections. The first section deals with broad trends in the evolution of the Spanish welfare state. To begin with, the consolidation path of social protection policies is explored. Attention is also paid to the process of Europeanization. Furthermore, the analysis explores advances in gender equality policies. In the second section, attention is turned to governance issues such as collective bargaining, the interplay among levels of government, the welfare mix, and public support for social policies. The third and final part of the book addresses five main challenges facing the Spanish welfare state in the 21st century: namely, the need to enhance flexicurity to achieve a better work-family balance; to coordinate immigration policies with existing social protection to tackle the persistence of high rates of relative poverty; and to face intense population ageing both in terms of increasing needs for care and the reform of the pension system. *Generative Linguistics and Acquisition* Misha Becker, John Grinstead, Jason Rothman, 2013-04-18 The articles of this collection cover a wide range of formal syntactic and semantic phenomena. The focus is on a broad array of developmental syntactic phenomena, including topics in Argument Structure and Clause Internal Syntax, the DP Domain, and Learning Theory. In total, the contents of the volume illustrate ways in which theoretically informed linguistic research can explain language behavior in terms that are motivated on independent grounds and point towards new research opportunities to test theoretical claims about the adult model of grammar. The contributions of this volume are inspired by or related to the scholarship of Nina Hyams, whose dedication to rigorous theoretically informed research on language is well represented here. **Translationswissenschaft** Lew Zybatow, Lew N. Zybatow, 2010 Dieser Band präsentiert die Beiträge

der VI Innsbrucker Ringvorlesung zur Translationswissenschaft die im Sommersemester 2008 am Institut für Translationswissenschaft stattfand Das zehnte Jahr der Internationalen Innsbrucker Ringvorlesungen war Anlass Stand und Perspektiven der Translationswissenschaft selbst auf den Prüfstand zu stellen International namhafte Translationswissenschaftler aus fünf europäischen Ländern melden sich in ihren Beiträgen zum allgemeinen Forschungsstand der Translationswissenschaft und zu verschiedenen Teildisziplinen zu Wort A Pym Spanien und L N Zybatow sterreich präsentieren die theoretischen Ausgangspostulate der widerstreitenden Ansätze der Translationswissenschaft S Halverson Norwegen entwirft eine Kognitive Translationstheorie M Russo C Bendazzoli und A Sandrelli Italien präsentieren für eine empirisch basierte Dolmetschwissenschaft D Chiaro Italien und J Diaz Cintas Großbritannien beleuchten die Filmübersetzung neu G Budin und P Sandrini sterreich fokussieren Forschungsstand und Perspektiven des Fachübersetzens und W Pöckl und A Petrova sterreich argumentieren schließlich für eine selbständige Theorie des literarischen Übersetzens Dieses Buch enthält sieben englische und drei deutsche Beiträge
