Soul-sucking Evolution Jeanne Chatman, 2014-06-17 The souls of our public school and university students are being sucked out of their bodies by the indoctrination of the atheistic theory of Darwinian evolution These lies presented in textbooks are taught as fact by some teachers Mrs Jeanne Chatman who has been a public school teacher for forty three years exposes the textbook materials and the teaching methods that are destroying the spiritual lives of our young people Atheistic theories are presented and taught as unquestionable facts but the fact is that there are no facts There are just theories based upon unproven assumptions supported by more assumed theories All of these atheistic theories have been accepted by most of the educational community as politically correct and are supported by our tax money There are many American citizens who object to this atheistic indoctrination but they are ridiculed insulted and can even be fired from their jobs If young people are led to believe that all things accidentally occurred over billions of years and that they evolved from an ape ancestor then the Holy Bible and the Creator God are irrelevant to them
