Libertines as Benedetta Craveri writes in her preface to the book is the story of a group of seven aristocrats whose youth coincided with the French monarchy's final moment of grace a moment when it seemed to the nation's elite that a style of life based on privilege and the spirit of caste might acknowledge the widespread demand for change and in doing so reconcile itself with Enlightenment ideals of justice tolerance and citizenship Here we meet seven emblematic characters whom Craveri has singled out not only for the romantic character of their exploits and amours but also by the keenness with which they experienced this crisis in the civilization of the ancien régime of which they themselves were the emblem Displaying the aristocratic virtues of dignity courage refinement of manners culture and wit the Duc de Lauzun the Vicomte de Ségur the Duc de Brissac the Comte de Narbonne the Chevalier de Boufflers the Comte de Ségur and the Comte de Vaudreuil were at the same time irreducible individualists and true sons of the Enlightenment all of them ambitious to play their part in bringing around the great changes that were in the air When the French Revolution came however they found themselves condemned to poverty exile and in some cases execution Telling the parallel lives of these seven dazzling but little remembered historical figures Craveri brings the past to life powerfully dramatizing a turbulent time that was at once the last act of a now vanished world and the first act of our own

Anthony Dawson, 2017-06-30 A history of the grueling Crimean War battle as told through personal accounts of those who fought there The Crimean War the most destructive and deadly war of the nineteenth century has been the subject of countless books yet historian Anthony Dawson has amassed an astonishing collection of previously unknown and unpublished material including numerous letters and private journals Many untapped French sources reveal aspects of the fighting in the Crimea that have never been portrayed before The accounts demonstrate the suffering of the troops during the savage winter and the ravages of cholera and dysentery that resulted in the deaths of more than 16 000 British troops and 75 000 French Whilst there is graphic first hand testimony from those that fought up the slopes of the Alma in the valley of death at Balaklava and the fog of Inkerman the book focusses upon the siege the great artillery bombardments the storming of the Redan and the Mamelon and the largest man made hole in history up to that time when the Russians blew up the defences they could not hold with their own men inside The Siege of Sevastopol also highlights for the first time the fourth major engagement in the Crimea the Battle of the Tchernaya in August 1855 the Russians last great attempt to break the siege This predominantly French fought battle has never before examined in such in English language books Praise for The Siege of Sevastopol 1854 1855 In this fascinating book the voices of men involved in the war in the Crimea are heard for the first time

Compelling and intriguing stuff Books Monthly The author has collected a large amount of previously unpublished material for this new work Entries from private letters and journal are mixed with French sources previously unused in the English speaking world The result is a work that effectively conveys the thoughts and experiences of the participants to the reader Warfare History Network
