Ss2 Further Maths Questions:

Palm of the Rainforest Ikénnà Nn?l?, 2020-08-28 I know who I am Kelvin seemed desperate to win his father's approval However Mr Eze not only seemed unwilling to bestow it but hell bent in making life unbearable for his acclaimed son Kelvin thought it would be best to find his true family rather than endure the torture of being the unwanted child He realised that his quest for recognition was unlikely to succeed so he set his eyes on freedom In the meantime Kelvin expected that a good academic performance would change his luck and put him right with Mr Eze or at least boost his confidence in his abilities With all his attention on his studies competing for the best grades against the leading brains in his class especially Christian an indomitable rival he would not let school romance get in the way of his goal But slowly and steadily Chioma gained his trust and won him over He would have to make a decision between holding on to his moral principle or satisfying his human desire for friendship New Home New Identity Marginalised and decimated the Biafran people were forced to go to war and secede from Nigeria But decades after losing the war and embracing the Nigerian identity they are still not treated as equal citizens in their home country As a new wave of terrorism sweeps the northern parts of the country the Biafran people predominantly Igbo are again decimated as they have been for decades in every crisis and this led to renewed discussions about their independence For Biafra the fight for equality was over and their Sovereignty was not negotiable For Kelvin it wasn't very different and so his quest for truth and independence must begin His compulsory holiday in Igbo land would expose him to the truth that might have indirectly caused him to abandon his academic pursuit Perhaps it was just an excuse to free himself from the clutch of Mr Eze and begin his quest for the truth about his identity **Revise for Core 2** Tony Clough, 2005 Containing all the help guidance and support needed by students in the run up to the 2005 exams this text has been updated to meet the latest AQA exam criteria including worked examples similar to what students can expect in the exam itself **Revise for Statistics** Roger Williamson, Gill Buquè, Gwen Royle, 2005 Thorough revision for the AQA exams These brand new revision guides contain all the help guidance and support students need in the run up to the 2005 exams ensuring they achieve the grades they deserve The familiar format helps to trigger students' memories making revision easier Key point summaries at the start of each chapter focus students' minds on what they need to know for the exam Worked examples with examiners' hints ensure students are following the best practice and approach for answering questions successfully Practice questions including a test yourself section that references the main textbooks encourage independent revision Written by a Senior Examining Team to make sure students get the most beneficial advice on tackling their exams Revision exercises and an exam style paper give essential preparation for the AQA exams **Revise for Core** Tony Clough, 2005 Suitable for use alongside the Pure Core textbooks in the Advancing Maths for AQA series or on its own this revision guide is part of a revision series including Revise for Core Maths 2 Mechanics 1 and Statistics 1 **Revise for Mechanics 1** Ted Graham, 2005 Thorough revision for the AQA exams These brand new revision guides contain all the help
