The Georgia Secession:

Secession Debated William W. Freehling, Craig M. Simpson, 1992-10-29 The critical northern antebellum debate matched the rhetorical skills of Abraham Lincoln and Stephen A Douglas in an historic argument over the future of slavery in a westward expanding America Two years later an equally historic oratorical showdown between secessionists and Unionists in Georgia generated as much popular interest south of the Mason Dixon line and perhaps had an even more profound immediate effect on the future of the United States With Abraham Lincoln s Black Republican triumph in the presidential election of 1860 came ardent secessionist sentiment in the South But Unionists were equally zealous and while South Carolina a bastion of Disunionism since 1832 seemed certain to secede the other fourteen slave states were far from decided In the deep South the road to disunion depended much on the actions of Georgia a veritable microcosm of the divided South and geographically in the middle of the Cotton South If Georgia went for the Union secessionist South Carolina could be isolated So in November of 1860 all the eyes of Dixie turned to tiny Milledgeville pre war capital of Georgia for a legislative confrontation that would help chart the course toward civil war In *Secession Debated* William W Freehling and Craig M Simpson have for the first time collected the seven surviving speeches and public letters of this greatest of southern debates over disunion providing today s reader with a unique window into a moment of American crisis Introducing the debate and debaters in compelling fashion the editors help bring to life a sleepy Southern town suddenly alive with importance as a divided legislature met to decide the fate of Georgia and by extension that of the nation We hear myriad voices among them the energetic and self righteous governor Joseph E Brown who while a slaveholder and secessionist was somewhat suspect as a native North Georgian Alexander H Stephens the eloquent Unionist whose calm dispassionate approach ultimately backfired and fiery secessionist Robert Toombs who impatient with Brown s indecisiveness and the caution of the Unionists shouted to legislators Give me the sword but if you do not place it in my hands before God I will take it The secessionists Henry Benning and Thomas R R Cobb as well as the Unionists Benjamin Hill and Herschel Johnson also speak to us across the years most with eloquence all with the patriotic passionate conviction that defined an era In the end the legislature adopted a convention bill which decreed a popular vote on the issue in early January 1861 The election results were close mirroring the intense debate of two months before 51% of Georgians favored immediate secession a slim margin which the propaganda conscious Brown later inflated to 58% On January 19th the Georgia Convention sanctioned secession in a 166 130 vote and the imminent Confederacy had its Southern hinge *Secession Debated* is a colorful and gripping tale told in the words of the actual participants one which sheds new light on one of the great and hitherto neglected verbal showdowns in American history It is essential to a full understanding of the origins of the war between the states *Conspiracy Or Popular Movement* Kirk Miller, 2004 **The Georgia Secession** Jack Lourens, 2015-02-12 The Georgia Secession tells the story the rather cunning and devious story that leads to Georgia declaring secession from the United States Events follow on from

1809 The Year they Freed the Slaves in which we saw President Thomas Jefferson freeing the slaves in the first book in the series The freeing of the slaves was poorly managed leaving many freed slaves homeless and destitute Poor Whites struggled as both freed slaves and a downturn in the U S economy caused in no small part by the U S embargo on trading with the British combined to raise tensions Add to the mix British loyalists quiet since the revolutionary war the 1812 War the impending defeat of Napoleon together with the New England states pushing for secession and you have a book the involves you in the politics of the day at the highest level As with my previous book in the series I have tried to be true to characters dates locations and actual events and intertwine actual history with alternative history **The Georgia Secession** Robert Smith,2015-10-03 The Georgia Secession tells the story the cunning and devious story that leads to the State of Georgia declaring secession from the United States Events follow on from 1809 The Year They Freed the Slaves which concluded with Thomas Jefferson freeing the slaves one year after his presidency ended The freeing of the slaves created uncertainty and turmoil which was exacerbated by a downturn in the economy Poor whites struggled as the competed for work Add to the mix British loyalists who had remained quiet since the Revolutionary War Tecumseh the short lived Republic of West Florida the 1812 War the impending defeat of Napoleon and the New England states pushing for secession and you have a novel that involves the intrigues of the day at the highest level The book has been designed to be self standing and can be read without reading the original Toward a Patriarchal Republic Michael P. Johnson,1999-03-01 Traditionally the secession of the states in the lower South has been viewed as an irrational response to Lincoln s election or as a rational response to the genuine threat a Republican president posed to the geographical expansion of slavery Both views emphasize the fundamental importance of relations between the federal government and the southern states but overlook the degree to which secession was a response to a crisis within the South Johnson argues that secession was a double revolution for home rule and for those who ruled at home brought about by an internal crisis in southern society He portrays secession as the culmination of the long developing tension between slavery on one side and the institutional and ideological consequences of the American Revolution on the other This tension was masked during the antebellum years by the conflicting social political sectional and national loyalties of many southerners Lincoln s election forced southerners to choose among their loyalties and their choice revealed a South that was divided along lines coinciding roughly with an interest in slavery and the established order Starting with a thorough analysis of election data and integrating quantitative with more traditional literary sources Johnson goes beyond the act of secession itself to examine what the secessionists said and did after they left the Union Although this book is a close study of secession in Georgia it has implications for the rest of the lower South The result is a new thesis that presents secession as the response to a more complex set of motivations than has been recognized Alexander H. Stephens' Anti-secession Speech ... Alexander Hamilton Stephens,1864 The Civil War in Georgia John C. Inscoe,2011-09-01 Georgians like all Americans experienced the Civil War in a variety of ways Through selected articles

drawn from the New Georgia Encyclopedia www.georgiaencyclopedia.org this collection chronicles the diversity of Georgia's Civil War experience and reflects the most current scholarship in terms of how the Civil War has come to be studied, documented and analyzed. The Atlanta campaign and Sherman's March to the Sea changed the course of the war in 1864 in terms both of the upheaval and destruction inflicted on the state and the life span of the Confederacy. While the dramatic events of 1864 are fully documented, this companion gives equal coverage to the many other aspects of the war: naval encounters and guerrilla warfare, prisons and hospitals, factories and plantations, politics and policies, all of which provided critical support to the Confederacy's war effort. The book also explores home front conditions in depth, with an emphasis on emancipation, dissent, Unionism, and the experience and activity of African Americans and women. Historians today are far more conscious of how memory, as public commemoration, individual reminiscence, historic preservation, and literary and cinematic depictions, has shaped the war's multiple meanings. Nowhere is this legacy more varied or more pronounced than in Georgia, and a substantial part of this companion explores the many ways in which Georgians have interpreted the war experience for themselves and others over the past 150 years. At the outset of the sesquicentennial, these new historical perspectives allow us to appreciate the Civil War as a complex and multifaceted experience for Georgians and for all southerners. The Last Days of the Confederacy in Northeast Georgia Ray

Chandler, 2015-04-06 In 1861, northeast Georgians were the driving force into secession and war. In 1865, Confederate president Jefferson Davis, his government collapsing, and himself a wanted man, brought the reality of the war to the region's doorstep. Governor Joseph Brown, U.S. senator Robert Toombs, and the politically influential Howell Cobb of Athens and his brother Thomas R.R. Cobb all fought passionately for Southern independence. The region epitomized the reasons for which the South waged and supported the war, yet it was spared the destruction seen in other places. Even Sherman's Union army touched only the region's fringes. Author Ray Chandler brings to light the final act of the Confederacy in the Peach State's northeast and the lasting impact it had on Georgians. *Secession Debated* William W. Freehling, Craig M.

Simpson, 1992-10-29 The critical northern antebellum debate matched the rhetorical skills of Abraham Lincoln and Stephen A. Douglas in an historic argument over the future of slavery in a westward expanding America. Two years later, an equally historic oratorical showdown between secessionists and Unionists in Georgia generated as much popular interest south of the Mason-Dixon line and perhaps had an even more profound immediate effect on the future of the United States. With Abraham Lincoln's Black Republican triumph in the presidential election of 1860, came ardent secessionist sentiment in the South. But Unionists were equally zealous, and while South Carolina, a bastion of Disunionism since 1832, seemed certain to secede, the other fourteen slave states were far from decided. In the deep South, the road to disunion depended much on the actions of Georgia, a veritable microcosm of the divided South, and geographically in the middle of the Cotton South. If

Georgia went for the Union secessionist South Carolina could be isolated So in November of 1860 all the eyes of Dixie turned to tiny Milledgeville pre war capital of Georgia for a legislative confrontation that would help chart the course toward civil war In Secession Debated William W Freehling and Craig M Simpson have for the first time collected the seven surviving speeches and public letters of this greatest of southern debates over disunion providing today s reader with a unique window into a moment of American crisis Introducing the debate and debaters in compelling fashion the editors help bring to life a sleepy Southern town suddenly alive with importance as a divided legislature met to decide the fate of Georgia and by extension that of the nation We hear myriad voices among them the energetic and self righteous governor Joseph E Brown who while a slaveholder and secessionist was somewhat suspect as a native North Georgian Alexander H Stephens the eloquent Unionist whose calm dispassionate approach ultimately backfired and fiery secessionist Robert Toombs who impatient with Brown s indecisiveness and the caution of the Unionists shouted to legislators Give me the sword but if you do not place it in my hands before God I will take it The secessionists Henry Benning and Thomas R R Cobb as well as the Unionists Benjamin Hill and Herschel Johnson also speak to us across the years most with eloquence all with the patriotic passionate conviction that defined an era In the end the legislature adopted a convention bill which decreed a popular vote on the issue in early January 1861 The election results were close mirroring the intense debate of two months before 51% of Georgians favored immediate secession a slim margin which the propaganda conscious Brown later inflated to 58% On January 19th the Georgia Convention sanctioned secession in a 166 130 vote and the imminent Confederacy had its Southern hinge Secession Debated is a colorful and gripping tale told in the words of the actual participants one which sheds new light on one of the great and hitherto neglected verbal showdowns in American history It is essential to a full understanding of the origins of the war between the states Their Massive Pride Lance Phillips,1960 The Georgia Historical Quarterly ,1927

Anderson,2013-05-20 One important tradition in political science conceives of the Civil War in the United States serving as the functional equivalent of the English and French Revolutions bringing with it the victory of liberal democratic industrialism over aristocratic agriculturalism From this perspective the Civil War is notable for its impact on the American state Surprisingly however little attention has been paid to the distinguishing features of this historic rupture in American politics Through primary source research and the re analysis of the rich historical literature about the antebellum era and the causes of the Civil War Lawrence A Anderson explores the relationship between federalism and the movement for secession in the United States during the pre civil war era Focusing primarily on South Carolina Anderson carefully revisits theory on institutional analysis of political development to expose what caused secession in the United States **There's Lots to See**
