John Scalzi's *Old Man's War* will take audiences on a heart stopping adventure into the far corners of the universe John Perry did two things on his 75th birthday First he visited his wife's grave Then he joined the army The good news is that humanity finally made it into interstellar space The bad news is that planets fit to live on are scarce and aliens willing to fight for them are common The universe it turns out is a hostile place So we fight To defend Earth a target for our new enemies should we let them get close enough and to stake our own claim to planetary real estate Far from Earth the war has gone on for decades brutal bloody unyielding Earth itself is a backwater The bulk of humanity's resources are in the hands of the Colonial Defense Force which shields the home planet from too much knowledge of the situation What's known to everybody is that when you reach retirement age you can join the CDF They don't want young people they want people who carry the knowledge and skills of decades of living You'll be taken off Earth and never allowed to return You'll serve your time at the front And if you survive you'll be given a generous homestead stake of your own on one

The End of All Things John Scalzi, 2015-08-11 Hugo award-winning author John Scalzi returns to his best-selling Old Man's War universe with *The End of All Things*, the direct sequel to 2013's *The Human Division*. Humans expanded into space only to find a universe populated with multiple alien species bent on their destruction. Thus, the Colonial Union formed to help protect us from a hostile universe. The Colonial Union used the Earth and its excess population for colonists and soldiers. It was a good arrangement for the Colonial Union. Then the Earth said no more. Now the Colonial Union is living on borrowed time, a couple of decades at most, before the ranks of the Colonial Defense Forces are depleted and the struggling human colonies are vulnerable to the alien species who have been waiting for the first sign of weakness to drive humanity to ruin. And there's another problem: A group lurking in the darkness of space playing human and alien against each other and against their own kind for their own unknown reasons. In this collapsing universe, CDF Lieutenant Harry Wilson and the Colonial Union diplomats he works with race against the clock to discover who is behind attacks on the Union and on alien races, to seek peace with a suspicious, angry Earth, and keep humanity's union intact or else risk oblivion and extinction and the end of all things.
