Queer Fictions of the Past Scott Bravmann,1997-10-09 In *Queer Fictions of the Past* Scott Bravmann explores the complexity of lesbian and gay engagement with history and considers how historical discourses animate the present Characterising historical representations as dynamic conversations between then and now he demonstrates their powerful role in constructing present identities differences politics and communities In particular his is the first book to explore the ways in which lesbians and gay men have used history to define themselves as social cultural and political subjects **All Y'all** Heidi Siegrist,2024-11-11 The South is often perceived as a haunted place in its region s literature one that is strange deviant or queer The peculiar often sexually charged literary worlds of contemporary writers like Fannie Flagg Monique Truong and Randall Kenan speak to this connection between queerness and the South Heidi Siegrist explores the boundaries of negotiating place and sexuality by using the concept of Southernness a purposefully fluid idea of the South that extends beyond simple geography eschewing familiar ideas of the Southern canon When the connection between queerness and Southernness becomes apparent Siegrist shows a Southern branded queer deviance can not only change the way we think about literature but can also change Southern queer people s lived experiences Siegrist gathers a bevy of undertheorized writers from Kenan and Truong to Dorothy Allison and even George R R Martin showing that there are many queer Souths Siegrist offers these multiverses as a way to appreciate a place that is often unfriendly even deadly to queer people But as Siegrist argues none of these Souths from the terrestrial to the imaginary would be what they are without the influence and power of queer literature **Vampire Legends in Contemporary American Culture** William Patrick Day,2021-02-15 While vampire stories have been part of popular culture since the beginning of the nineteenth century it has been in recent decades that they have become a central part of American culture *Vampire Legends in Contemporary American Culture* looks at how vampire stories from Bram Stoker s *Dracula* to *Blacula* from Bela Lugosi s films to *Love at First Bite* have become part of our ongoing debate about what it means to be human William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity as well as how many post modern vampire stories reflect our fear and attraction to stories of addiction and violence He argues that contemporary stories use the character of *Dracula* to explore modern values and that stories of vampire slayers such as the popular television series *Buffy the Vampire Slayer* integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story **Horror Fiction** Gina Wisker,2005-07-13 This is a series of introductory books about different types of writing One strand of the series focuses on genres such as Science Fiction Horror Romance and Crime and the other focuses

on movements or styles often associated with historical and cultural locations Postcolonial Native American Scottish Irish American Gothic Authors covered in this volume include William Peter Blatty Ira Levine Bram Stoker Shirley Jackson Angela Carter Mary Shelley Stephen King Anne Rice and Washington Irving **The Daughter's Return** Caroline Rody, 2001-04-12 The Daughter's Return offers a close analysis of an emerging genre in African American and Caribbean fiction produced by women writers who make imaginative returns to their ancestral pasts Considering some of the defining texts of contemporary fiction Toni Morrison's *Beloved* Jean Rhys's *Wide Sargasso Sea* and Michelle Cliff's *No Telephone to Heaven* Rody discusses their common inclusion of a daughter who returns to the site of her people's founding trauma of slavery through memory or magic Rody treats these texts as allegorical expressions of the desire of writers newly emerging into cultural authority to reclaim their difficult inheritance and finds a counter plot of heroines encounters with women of other racial and ethnic groups running through these works *Blood Read* Joan Gordon, Veronica Hollinger, 1997-10 Scholars and writers from the United States Canada England and Japan examine how today's vampire has evolved from that of the last century consider the vampire as a metaphor for consumption within the context of social concerns and discuss the vampire figure in terms of contemporary literary theory Black Female Vampires in African American Women's Novels, 1977-2011 Kendra R. Parker, 2018-11-09 This book critically situates the figure of the black female vampire in several fields of study including literary studies cultural studies gender studies and critical race studies Black female vampires continue to appear as important literary devices and revealing indicators of cultural attitudes and trends about African American women's bodies This book examines five novels written by four African American women writers to investigate what it means to represent African American womanhood through the lens of vampirism interrogate how these representations connect to or stem from historical representations of African American women and explore how representations of black female vampires in African American women's literature simultaneously negate reinforce or dismantle stereotypes of African American women

US American Expressions of Utopian and Dystopian Visions Saskia Fürst, Yvonne Kaisinger, Ralph Poole, 2017 This collection takes stock of current discourses in American studies on the political valence of American utopias be they as religious diasporas or as socialist experiments fantastic or realist successful or failed The included essays take into account the spatiality of utopias especially in their visionary scope analyze currents in literary utopias and look at dystopian visions in literature This volume strives to keep alive the long tradition of writers artists and scholars who warned against imminent disasters and envisioned ways to counter such ruinous bearings Series American Studies in Austria Vol 17 Subject Sociology Literary Studies **Freedom Beyond Confinement** Michael Ra-Shon Hall, 2021-11-16 Freedom Beyond Confinement examines the cultural history of African American travel and the lasting influence of travel on the imagination particularly of writers of literary fiction and nonfiction Using the paradox of freedom and confinement to frame the ways travel represented both opportunity and restriction for African Americans the book details the intimate connection between travel and

imagination from post Reconstruction ca 1877 to the present Analysing a range of sources from the black press and periodicals to literary fiction and nonfiction the book charts the development of critical representation of travel from the foundational press and periodicals which offered African Americans crucial information on travel precautions and possibilities notably during the era of Jim Crow to the woefully understudied literary fiction that would later provide some of the most compelling and lasting portrayals of the freedoms and constraints African Americans associated with travel Travel experiences often challenging and vexed provided the raw data with which writers produced images and ideas meaningful as they learned to navigate negotiate and even challenge racialized and gendered impediments to their mobility In their writings African Americans worked to realize a vision and state of freedom informed by those often difficult experiences of mobility In telling this story the book hopes to center literary fiction in studies of travel where fiction has largely remained absent

Re-forming the Past A. Timothy Spaulding, 2005 The slave experience was a defining one in American history and not surprisingly has been a significant and powerful trope in African American literature In *Re Forming the Past* A Timothy Spaulding examines contemporary revisions of slave narratives that use elements of the fantastic to redefine the historical and literary constructions of American slavery In their rejection of mimetic representation and traditional historiography postmodern slave narratives such as Ishmael Reed's *Flight to Canada* Octavia Butler's *Kindred* Toni Morrison's *Beloved* Charles Johnson's *Ox Herding Tale* and Middle Passage Jewelle Gomez's *The Gilda Stories* and Samuel Delaney's *Stars in My Pocket like Grains of Sand* set out to counter the usual slave narrative's reliance on realism and objectivity by creating alternative histories based on subjective fantastic and non realistic representations of slavery As these texts critique traditional conceptions of history identity and aesthetic form they simultaneously re invest these concepts with a political agency that harkens back to the original project of the 19th century slave narratives In their rejection of mimetic representation and traditional historiography Spaulding contextualizes postmodern slave narrative By addressing both literary and popular African American texts *Re Forming the Past* expands discussions of both the African American literary tradition and postmodern culture
