The Granta Book of Reportage, 1998 **The Best of Granta Reportage** Bill Buford, 1993 **The Magazines Handbook** Jenny McKay, 2018-10-10

The Magazines Handbook is an introductory guide to all aspects of magazine journalism and publishing. The book includes chapters on the visual aspects of magazines such as illustration and picture editing and chapters covering the business background of this increasingly global industry. Jenny McKay offers tips on training and work experience as well as outlining the function of various editorial jobs. Profiles of four young journalists give a flavour of life in the early years of a career. Chapters include advice on embarking on a career in magazine journalism, an overview of magazine design and the production process, analysis of the state of the magazine industry today with a look to its future, a discussion of legal issues related to magazine journalism, a glossary of key terms and recommended reading in every chapter. Now in its fourth edition, The Magazines Handbook offers a nuanced and reflective account of periodical journalism, ideal for students of journalism and budding professionals who are seeking a useful starting point for wide-ranging academic discussion about magazines.

Literary Journalism and Social Justice Robert Alexander, Willa McDonald, 2022-08-04

This book examines the prominent place a commitment to social justice and equity has occupied in the global history of literary journalism. With international case studies, it explores and theorizes the way literary journalists have addressed inequality and its consequences in their practice. In the process, this volume focuses on the critical attitude the writers of this genre bring to their stories, the immersive reporting they use to gain detailed and intimate knowledge of their subjects, and the array of innovative rhetorical strategies through which they represent those encounters. The contributors explain how these strategies encourage readers to respond to injustices of class, race, indigeneity, gender, mobility and access to knowledge. Together, they make the case that throughout its history, literary journalism has proven uniquely well adapted to fusing facts with feeling in a way which makes it a compelling force for social change.
