Seifert and Threlfall, A Textbook of Topology ,1980-07-04 Seifert and Threlfall A Textbook of Topology

The Rise and Fall of the Soviet Union Martin McCauley, 2014-01-14 An expert in probing mafia type relationships in present day Russia Martin McCauley here offers a vigorously written scrutiny of Soviet politics and society since the days of Lenin and Stalin John Keep Professor Emeritus University of Toronto The birth of the Soviet Union surprised many its demise amazed the whole world How did imperial Russia give way to the Soviet Union in 1917 and why did the USSR collapse so quickly in 1991 Marxism promised paradise on earth but the Communist Party never had true power instead allowing Lenin and Stalin to become dictators who ruled in its name The failure of the planned economy to live up to expectations led to a boom in the unplanned economy in particular the black market In turn this led to the growth of organised crime and corruption within the government The Rise and Fall of the Soviet Union examines the strengths weaknesses and contradictions of the first Marxist state and reassesses the role of power authority and legitimacy in Soviet politics Including first person accounts anecdotes illustrations and diagrams to illustrate key concepts McCauley provides a seminal history of twentieth century Russia

Digital Literacies Mark Pegrum, Nicky Hockly, Gavin Dudeney, 2022-05-11 Dramatic shifts in our communication landscape have made it crucial for language teaching to go beyond print literacy and encompass the digital literacies which are increasingly central to learners personal social educational and professional lives By situating these digital literacies within a clear theoretical framework this book provides educators and students alike with not just the background for a deeper understanding of these key 21st century skills but also the rationale for integrating these skills into classroom practice This is the first methodology book to address not just why but also how to teach digital literacies in the English language classroom This book provides A

theoretical framework through which to categorise and prioritise digital literacies Practical classroom activities to help learners and teachers develop digital literacies in tandem with key language skills A thorough analysis of the pedagogical implications of developing digital literacies in teaching practice A consideration of exactly how to integrate digital literacies into the English language syllabus Suggestions for teachers on how to continue their own professional development through PLNs Personal Learning Networks and how to access teacher development opportunities online This book is ideal for English language teachers English language learners of all ages and levels academics and researchers of all age groups and levels academics and students researching digital literacies and anyone looking to expand their understanding of digital literacies within a teaching framework **Federal Register** ,2013-04 The Vatican «Ostpolitik» 1958-1978 Autori

Vari,2017-04-06T00:00:00+02:00 The appraisal of the political dialogue and negotiations with the communist regimes of East Central Europe commenced by the Holy See in the 1960s did not provoke only lively debates among contemporaries but remains to the present day one of the most debated questions of the twentieth century history should it be assessed as a fixed path to which no alternative existed or was it a flawed initiative which merely served the international legitimacy of the communist totalitarian system This volume enriches the results of earlier historiography with new perspectives and confirms inter alia that a black and white reading often based on a one sided use of sources of Ostpolitik is incorrect just as the critical assessment which frequently places local considerations at the forefront requires revision the at times apologetic outlook defending the Vatican s Eastern policy is also untenable Only a nuanced and source focused analysis of the ambitions of the Roman and Muscovite centers and of local politics and Churches as well as dialogue between the various research trends can help us to gain a more thorough knowledge of and make us better understand those fixed paths upon which the Roman and local ecclesiastics of the era were forced to travel and which limited the possibility of success *Chinese Working-Class Lives* Hill Gates,2018-03-15 Taiwan s working class has been shaped by Chinese tradition by colonialism and by rapid industrialization This book defines that class explores that history and presents with sensitive honesty the life experiences of some of its women and men Hill Gates first provides a solid and informative introduction to Taiwan s history showing how mainland China Japan the convulsions of twentieth century wars and the East Asian economic expansion interacted in forming Taiwanese urban life She introduces nine individuals from Taiwan s three major ethnic groups to tell the stories of their lives in their own words The narrators include a fortuneteller a woman laborer and a retired air force mechanic A former spirit medium and a janitor are among the others who speak *American and English Railroad Cases, New Series* ,1903 *Routledge Library Editions: The British Empire* Various,2021-03-05 The volumes in this set originally published between 1968 and 1989 draw together research by leading academics in the area of the British Empire and provides an examination of related key issues The volumes examine slavery in the British Empire problems encountered in India in the eighteenth and nineteenth century as well as the Empire at its most powerful This set will be of particular

interest to students of British colonial and world history The Lord's Prayer Karen Stiller, 2017-04-26 Close our eyes and most of us can recite the Lord's Prayer by heart It is as familiar as childhood memories In some church traditions we say the prayer together nearly every week as a community standing before God We call on those so familiar words and the comfort and direction they offer The comfort that God is holy that his kingdom is coming that he provides just enough and that he can protect us from ourselves and from evil The direction that we are to worship him that we are part of this kingdom coming work that we have the discipline of forgiveness as almost a daily task and that we are vulnerable to temptation so being on guard is a fine idea The Wycliffe College faculty featured in this book take the Lord's Prayer line by line and excavate it for its forgotten meaning and its neglected treasure Each brief essay pondering each line of this foundational prayer guides us more deeply into the very things the Lord's Prayer requests a sense of God's holiness a sense of our own truest selves broken and redeemed and a glimpse of his kingdom coming *Pragmatism* Russell B. Goodman, 2005 Presents key texts in and about pragmatism from its origins in nineteenth century America to its contemporary revival as an international and multi disciplinary phenomenon The Term Catalogues, 1668-1709 A.D.: 1697-1709; and Easter term 1711. Text and index Edward Arber, 1906 The Term Catalogues, 1668-1709 A.D.: 1697-1709, and Easter term, 1711 Edward Arber, 1906

The Fantastic in Literature Eric S. Rabkin, 2015-03-08 What exactly is the fantastic In the twentieth century world our notions of what is impossible are assaulted every day To define the nature of fantasy and the fantastic Eric S Rabkin considers its role in fairy tales science fiction detective stories and religious allegory as well as in traditional literature The examples he studies range from Grimm's fairy tales to Agatha Christie from *Childhood's End* to the novels of Henry James from Voltaire to Robbe Grillet to *A Canticle for Leibovitz* By analyzing different works of literature the author shows that the fantastic depends on a reversal of the ground rules of a narrative world This reversal signals most commonly a psychological escape often from boredom to an unknown world secretly yearned for whose order although reversed bears a precise relation to reality Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Rule of Three Not the Rule of**

Proportion, But a Rule Illustrating Proportion, and a Method of Solution Proposed, which Does Not Require the Use of Proportion, with Numerous Examples Joseph COTTERILL, 1844 **Walking the Plant Path** John K. McIlwain, A comprehensive guide to safe and effective psychedelic retreats I don't think psychedelics are the answer to the world's problems but they could be a start Sting Walking the Plant Path is an essential guide to facilitating lawful psychedelic plant medicine retreats Being a facilitator is deeply satisfying but requires considerable skill and preparation to do well This book

guides you through all the key elements of being a facilitator from both theoretical and practical perspectives including Preparing yourself to facilitate a retreat and why you need to do so Choosing who should and importantly who should not attend a retreat Working with participants set to help them prepare for the retreat Creating a setting that is physically and emotionally safe and supportive Managing the elements and logistics of a retreat from the medicine to the music Essential ground rules for a successful retreat Supporting participants post retreat to integrate their experiences The guide draws on the work of experienced facilitators and includes the author's insights from years of teaching courses for plant medicine facilitators Mental Health Practitioners This book is also of value to mental health practitioners even if not interested in facilitating psychedelic retreats themselves They will find that many clients wish to experience retreats or already have The guide provides the information needed to help clients identify appropriate facilitators and well run retreats and integrate their experiences afterwards

The Journal of Education, 1906 **Third Decennial Edition of the American Digest**, 1928 *Forum*, 2009 **Blackness in Britain** Kehinde Andrews, Lisa Amanda Palmer, 2016-04-28 Black Studies is a hugely important and yet undervalued academic field of enquiry that is marked by its disciplinary absence and omission from academic curricula in Britain There is a long and rich history of research on Blackness and Black populations in Britain However Blackness in Britain has too often been framed through the lens of racialised deficits constructed as both marginal and pathological Blackness in Britain attends to and grapples with the absence of Black Studies in Britain and the parallel crisis of Black marginality in British society It begins to map the field of Black Studies scholarship from a British context by collating new and established voices from scholars writing about Blackness in Britain Split into five parts it examines Black studies and the challenge of the Black British intellectual Revolution resistance and state violence Blackness and belonging exclusion and inequality in education experiences of Black women and the gendering of Blackness in Britain This interdisciplinary collection represents a landmark in building Black Studies in British academia presenting key debates about Black experiences in relation to Britain Black Europe and the wider Black diaspora With contributions from across various disciplines including sociology human geography medical sociology cultural studies education studies post colonial English literature history and criminology the book will be essential reading for scholars and students of the multi and inter disciplinary area of Black Studies
