How simple it is when we would meet a person fall in love and that s it When both are ready to spend their entire lives together without keeping any room for complaints and complications The sky over the head remains clear like a never ending spring and suddenly a day comes when it fills up with unexpected thunder and lightning out of nowhere The possibilities that we had never taken into consideration start occupying our lives and by the time we gather the strength to battle it out it s over You lost the game that s how destiny plays it the cheater Published by 2017 MeetCoogole All Rights Reserved and millions of readers around the world **Summary of John Irving's The Imaginary Girlfriend** Everest

Palmer Bullock has made a good life for himself All of his many accomplishments have been based on his very high and rigid principles and his rules of ethical conduct Some would think such a life grueling and unrewarding but for Palmer it is the easy way rewarding in its certainty and pleasing to his sense of right and wrong He has a good law practice a generous gentleman s farm a pretty wife a son and a daughter Then one remote act sets in motion a chain of events which like cascading dominos falling one upon the next upsets his entire world his confidence in his rules of life his confidence in his

self control and self determination and his belief in himself as a good man The story of Palmer s fall includes passion overriding reason questionable business dealings a haunting injustice from the distant past and the friendship of a lifetime Jack Dawson the author was born in October of 1940 in Bainbridge Georgia a still small town in the southeastern part of the state split evenly by the sleepy and serene Flint River and grew up in Valdosta Georgia where he graduated high school in 1958 Being young and without sufficient direction or initiative to pursue an education he joined the U S Navy and enjoyed nearly four years of great adventure at sea This was in the day when all healthy males did their time in service to their country sooner or later by joining voluntarily through the path to gentleman hood offered by the ROTC in college or by draft After finishing his military obligation and being released from active duty and having gained an immeasurably greater sense of maturity and personal responsibility he decided to pursue a college education He studied for a year at a local college making the dean s list in order to offset his abysmal high school academic record before he was then accepted at Georgia Tech in Atlanta where he majored in aerospace engineering During his junior year he just by chance took a ride with a friend in a two seat air plane and his life would never be the same He quit school after finishing his junior year and after applying was hired by a major airline to work in the engineering department all the while learning to fly and building hours and at night earning a degree in Mathematics Eventually he was transferred to Flight Operations where he flew the big jets until retirement in 1999 He then moved to remote region of the West Virginia mountains where he began to write in earnest An urge to write had always been in the back of his head kept there by the many obligations necessary and otherwise of day to day living Soon through the auspices of a new found friend a sporting magazine writer he was writing a weekly column for a local newspaper and aside from that began writing a novel and converting some of his columns into short stories The writing of the short stories he found provided an interlude in his writing of the novel which allowed the characters therein to decide what they were going to do
