Ingersoll,2012-02-16 Filming Forster focuses upon the challenges of producing film adaptations of five of E M Forster s novels Rather than follow the older comparative approach which typically damned the film for not being faithful to the novel this project explores the interactive relationship between film and novel That relationship is implicit in the title Filming Forster rather than Forster Filmed which would suggest a completed process A film adaptation forever changes the novel from which it was adapted just as a return to the novel changes the viewer s perceptions of the film Adapting Forster s novels for the screen was postponed until well after the author s death in 1970 because the trustees of the author s estate fulfilled his wish that his work not be filmed Following the appearance of David Lean s film A Passage to India in 1984 four other film adaptations were released within seven years Perhaps the most important was the Merchant Ivory production of Maurice based upon Forster s gay novel published a year after his death That film was among the first to approach same sex relationships between men in a serious respectful and generally optimistic manner *Deeper Splendor* Robert P. Vande Kappelle,2022-03-03 Life s ultimate adventure its grandest game and greatest challenge is the spiritual transformation of the self According to Swiss psychiatrist Carl Jung personality and spirituality are interrelated spirituality flowing out of individuality Noting that people differ in fundamental ways even though they possess the same instincts to drive them from within Jung discovered that preference rather than instinct upbringing environment or genetic conditioning is central to personality The task of spirituality then is not to help us achieve correct doctrine or attain saintly status but rather to help us best understand our humanity This endeavor drives *Deeper Splendor* a study of spirituality and personality in modern literature We focus on modern literature rather than on theology philosophy psychology or sociology because as this volume makes clear one of the best resources for studying

transformative spirituality is great literature The great power of literature is that it speaks of human action and thought not in the dry matter of fact terms of history ethics psychology or some other science but in ways that are lively uplifting and productive Engaging with great literature is like beginning a love affair Such encounters may appear daunting at first but when you fall in love you want to know everything about the object of your love and every encounter leaves you wanting more When literature enhances spirituality as is true in the dozen or more selections examined in *Deeper Splendor* each literary moment renders us more fully alive Like its companion texts *Wading in Water* and *Deep Splendor* this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection The
