Rethinking Misogyny Anna Arrowsmith, 2016-03-03 In this path

breaking book Anna Arrowsmith analyses gendered dating behaviour and shows how men's behaviour is both defined and illustrated by societal norms that require a particular masculine performance including those desired by potential female performers Using the case study of pick up artistry which is compared to interviews with other men who date women this book analyses how the men deal with conflicting ideas borne out of living in an age when both hegemonic harder historic and inclusive softer modern masculinities co exist It asks whether men acknowledge their own insecurities or whether they focus on perceived external triggers such as female culpability as a means of ignoring their own concerns or whether men respond to insecurities by focusing on an active process of overcoming them Through exploring male experiences of female beauty emotions fertility strength female violence and sexual assault Arrowsmith's findings encourage a new path of enquiry in gender studies which explores and includes men's words as central to interpreting their behaviour and how it is understood This book has political worth as it differentiates and delineates between emotive and often misogynistic demands for an entire rethink of the gender order by some men's rights activists and a genuine need to incorporate male insecurities and psychological experiences in how we understand gender to be structured and performed as a means to increase equality

The Men's Section Elana Maryles Sztokman,2011-11-08 A provocative look at the inner world of Orthodox Jewish men who attend partnership synagogues

The Valleys Did Not Break Us Daniel Grose,2024-02-26 The idea for this story came out of a viral Instagram Reel I made about how moms are often so consumed with the needs of their families that they have no space to even think their own thoughts anymore The video was an encouragement to husbands to step up and share in more of the household work and to see themselves as guardians of their wife s personhood I had reels that had a few thousand views this video went to 4 million views in under 2 weeks The responses were overwhelming It was a video addressed to men but it resonated with literally millions of women I got comments like My marriage wouldn t have ended if my husband done this I m crying because you said what I ve been feeling so long but never found words to say How can I talk to my husband about this There is much more to say on the topic than can even be said in a book let alone a 1minute Instagram video The purpose of this story is to help people start having the conversation That has to be the first step It was heartbreakingly clear that there is an aloneness that many women feel but have no place to start from to address it That is why I wrote this story It is for husbands and wives to read together to start having this conversation and create a shift towards healing and balance in their marriage there are things on both sides of the table that are hard to say and extremely hard to hear While it was women who commented on the reel this story is written by a man and so also addresses the heart of men who feel alone inside their marriage My hope is that by hearing it through the lives of David and Janie it will be easier to hear without being offending or getting defensive My hope is that this book will be a gateway towards empathy

Job Insecurity Bert Klandermans,Tinka van Vuuren,1999-06-24 First published in 1999 Routledge is an imprint of Taylor Francis an informa company

From Prayers to Players Irwin Brown,2018-09-19 From Prayers to Players was written with the hope that black men would see beyond what is obvious with their physical eyes and into the world where the answers really are the spiritual realm It is the realm of the spirit where too many black men are deficient Spiritual deficiencies lead to mental thought deficiencies because right and wrong begin in the spiritual realm Put another way what we hold in our hearts lead to what transpires in our lives Our belief systems are based on negative information perpetuated by our own people Not only is the negative information perpetuated but it is acted upon as truth Our truths are at odds with the truths of the Lord this is to our detriment Our truths have led to and continue to lead to mass incarceration of black men young and old Our truths have led to and continue to lead to the mass murders of black men and teenagers at the hands of other black men and teenagers Our truths have led to and continue to lead to single parent homes and poverty Our truths have led to impregnating black women we do not love and bear children we do not take responsibility

for Our truths do not allow us to take responsibility for ourselves but it does allow us to blame other people for our mistakes and shortcomings We fight an enemy physically who is spiritually based therefore we cannot see him the devil From Prayers to Players is not a condemnation of black men it is meant to be a spiritual awakening for black men It is not a denial of racism but racism is a flammable liquid that we black men provide a match to Put another way if someone else provides the flammable liquid racism could not ignite without us putting a match to it we are responsibility too Most of our racism is aimed at ourselves our self perception is in agreement with demonic influences A lack of self love leads to a lack of love for others Men through God must be willing to lead and mentor other black men If we mentor men through God black people will follow The Price of Prosperity Richard Taylor, Peter Saunders, 2002 While our leaders celebrate Australia's economic miracle unemployment particularly long term unemployment has become a permanent feature of Australia's economic landscape Its unacceptably high level has proved remarkably resistant in the face of sustained economic growth and increased prosperity The adverse economic and social consequences of high unemployment are likely to leave long term scars on those affected as well as on local communities and the entire fabric of Australian society Yet these effects rarely feature on the policy agenda and the costs of unemployment remain largely invisible *Equality: The Quest for the Happy Marriage* Tim Kellis, 2007 Author Tim Kellis takes you on a journey through time to not only help you discover yourself but understand how to build and keep a lifelong happy healthy harmonious loving affectionate intimate marriage The journey on which you are about to embark includes a trip through history where the most significant lessons civilization has learned are used to demonstrate not only the way to set up a positive relationship but the causes of that relationship turning negative

Food Security in a

Developing World Pardeep Singh, Bendangwapang Ao, Nabajyoti Deka, Chander Mohan, Chhetan Chhoidub, 2024-05-31 The book tries to answer the most fundamental question of whether there is a link between abundant food supply and economic growth with respect to a higher degree of human development. In order to have flourishing economic growth within a country, the need for a food security system is a must. The world as we know is faced with shortages of food supply, which has been a major factor in the country's economic development. The book is an attempt to understand the problems and current situation of food systems in the developing world. It focuses on the pathways to understand the challenges that it faces and predict future scenarios. The motive is to create academic literature to understand the basis of sustainable food security. The social, economic, and political factors become the main theme of the book. It focuses on the interdisciplinary nature of food security. Many a time we only understand the idea of food security through the lens of scientific nature, but in the meantime, it forgets the other important factors that are governing the issue of food security. The inclusion of the cases section in the book helps to outline the current scenarios of the developing world. It helps to formulate a pathway or a way forward to understand the causes of food security. Food has now become a political context in the international system. The need for analyzing the political angle is necessary. The context of innovations and technological developments forms an important part of food security. The critique of existing policy systems across the developing world is a must-need discussion as it is the policies that will make the food systems sustainable. Last but not least is to look at how the global food systems work and how far it has been able to fix the problems of food insecurity in the developing world. Overall, the book is an excellent interdisciplinary food security literature.
