Babalola, Igbinobu Chuks, 2015 **The Civic Textbook** Aleksandar Saša Zeković, 2005 **Holt McDougal Civics in Practice** Gregory I. Massing, Holt McDougal, 2009 The United States is a model of freedom democracy and economic strength for the rest of the world Our continued success as a world leader depends on whether citizens like you take an active part in our government and institutions This Civics program helps you foster student civic responsibility with a balanced approach that focuses on the principles of government active citizenship and responsible economic participation Throughout Holt Civics in Practice you will find special features that will help you understand more about your roles in your country and community Many of these features were developed with our partners the Center for Civic Education and the World Almanac Education Group From the publisher **Our Government** Henry Lester Smith, Sheldon Emmor Davis, Clarence Henry McClure, 1936 The purpose of teaching Civics is to give the pupil a knowledge of the origin and functions of government agencies and to develop an attitude of respect and co operation toward these agencies The outcome should be a citizen who recognizes the duties and privileges of citizenship and who will govern his activities in accordance with established law This text has been prepared for the purpose of presenting the most worth while and important of the available civic material and applying it to the great principles of government which must be understood if our teaching of Civics is to produce the desired results here the principles of government and the concrete problems of the community are related in a logical and natural way that aids in the understanding of both Foreword page v *Civics Today* McGraw-Hill Staff, Richard C.
