The "Black Jew", Germans, Nazis and Nature's Other Creatures Herbert Louis Heinig,2004 Most people are unaware of the German Nazis relationship to Black people and how it constantly penetrated their consciousness The reasons for this are cited German Nazi attitudes and racial principles were applied to Blacks as they were to other interior groups By comparing the treatment of Blacks with Jews the author developed a German Nazi concept of the Black Jew as well as his own The solicitous and legal concepts of the treatment of animals also is developed with homosapiens coming out second best A stress is placed upon the human condition which makes these extermination policies possible Also stressed are current Black Jewish relations personal and vicarious experiences with the human condition chapter 10 a quasi biographical enumentation which attempts to throw light on the former It is the author s hope that Black Jewish relationship can be reestablished from former times as the demography currently underway makes this a vital concern and goal
