The Great Gatsby and the Unachievable American Dream

F. Scott Fitzgerald's *The Great Gatsby* was published during the Roaring '20s, in the midst of an economic boom that brought about a new wave of consumerism. Flappers were partying, Prohibition backfired, and everything was full of prosperity (Brucoli). This is the best time possible for a novel like *The Great Gatsby* to be set. It's full of lavish parties, mysterious hosts, and character flaws. However, the most important 1920s occurrence tackled by Fitzgerald is the American Dream, the concept of material prosperity being of much value. The cast of *The Great Gatsby*, aside from Nick Carraway, is blinded by its possessions, to the point where the American Dream keeps them in a chokehold.

For example, Daisy Buchanan, the main object of Gatsby's affection, is as materialistic and shallow as they come. For the entire duration of *The Great Gatsby*, she wears a sweet face, but behind the façade, she is nothing, just a woman so brutally desiring what the American Dream promises. Amy Green points out that *Gatsby* leads to "the American Dream . . . [finding] itself subject to scrutiny," after having been "revered as an attainable, an almost holy icon of American culture" (Dickstein). Critic H.L. Mencken believed *Gatsby* was "'no more than a glorified anecdote,' finding the overall plot arc lacking in depth" (Dickstein). This can be considered true when you look at the cast of characters in the novel. It can be inferred, however, that Fitzgerald intended to make these characters so lacking in depth to make a statement about materialism and its harsh effects.

The Great Gatsby Research Paper:

Unreliable Narration in The Great Gatsby. In Literature and on Screen Vittoria Guarino, 2023-11-21 Seminar paper from the year 2023 in the subject English Language and Literature Studies Literature grade 1.3 [http://www.uni-jena.de/Department of English and American Studies/course Media language/English/abstract/](http://www.uni-jena.de/Department%20of%20English%20and%20American%20Studies/course%20Media%20language/English/abstract/) This research paper delves into the acclaimed work of literary realism The Great Gatsby by F. Scott Fitzgerald and its cinematic adaptation by Baz Luhrmann in 2013. Rather than debating fidelity or artistic superiority between literature and cinema, the focus is on exploring adaptations as autonomous artworks. The paper specifically concentrates on the narration in both modalities, recognizing its pivotal role in shaping the plot events and audience reception. The narrowed scope centers on the examination of elements of unreliable narration in The Great Gatsby and how they are transposed onto the screen in the 2013 adaptation. The methodology involves traversing cinematic and literary studies, beginning with a definition of narration followed by an analysis of narration in the novel, an introduction to unreliable narration, and a subsequent exploration of unreliable elements in both the book and the film. The study aims to conclude with a summary evaluation of findings and consideration of potential limitations encountered during the analysis.

Writing the Research Paper Anthony C. Winkler, Jo Ray McCuen, 1999 Writing the Research Paper is an easily accessible research paper guide that can be used by students throughout their college career and beyond.

Approaches to interpreting Fitzgerald's "The Great Gatsby". Unreliable narration, the functions of adultery, and the role of the American Dream Vittoria Guarino, Friederike Lang, Emilie Platt, Julia Straub, 2024-10-28 Anthology from the year 2024 in the subject American Studies Literature language English abstract This anthology contains four term papers. The first paper delves into the acclaimed work of literary realism The Great Gatsby by F. Scott Fitzgerald and its cinematic adaptation by Baz Luhrmann in 2013. Rather than debating fidelity or artistic superiority between literature and cinema, the focus is on exploring adaptations as autonomous artworks. The narrowed scope centers on the examination of elements of unreliable narration in The Great Gatsby and how they are transposed onto the screen in the 2013 adaptation. The aim of the second paper is to analyze what message F. Scott Fitzgerald as a modernist writer tries to convey to his readership through the employment of the theme of adultery in his 1925 novel The Great Gatsby. Most importantly, based on the assumption that committing adultery fulfills different functions in the novel, it presents Daisy Buchanan's and Myrtle Wilson's motivations pushing them to do it. The Great Gatsby seems to tell a story about a typified American Dream: a young man who was able to escape poverty and living a high-class lifestyle. But after all, it cannot be easily determined if it is a story that represents the American Dream or if the Dream he had changed into a Nightmare. The third text presents the American Nightmare in the novel with specific symbols that play an important role in his failure and the price he had to pay for his dream. Is Gatsby's economic success nevertheless a realization of the American Dream? It is important to ask that question because often The Great Gatsby is mainly associated with the American Dream and its typical lifestyle. How did Gatsby make his way up to the

top And how important is wealth success and his social status really in his opinion In the fourth text those questions will be given a closer look at **Modern Curriculum for Gifted and Advanced Academic Students** Todd A. Kettler,2021-09-03 Modern Curriculum for Gifted and Advanced Academic Students addresses the need for advanced curriculum design in an age of national standards and 21st century learning innovations The text and its authors work from the assumption that the most advanced learners need a qualitatively different design of learning experiences in order to develop their potential into outstanding achievement answering the question How should we design learning experiences for our most advanced academic students in the foundational curriculum areas This book provides the most contemporary thinking about how to design in depth courses of study in the foundational curriculum areas with a high degree of complexity and advanced content The book includes chapters articulating specific design components like creative thinking critical thinking and authentic research but also subject specific chapters in mathematics language arts science and social studies to demonstrate application of those design components *Critical Passages* Kristin Dombek,Scott Herndon,2004 This practical handbook examines the gap between high school and college level writing instruction providing teachers with guidance for helping their students make the transition including strategies for dealing with the many challenges of the writing classroom

Matuoizzi,Elizabeth B.

Lindsay,2008-07-31 Characterized by its move away from Romanticism and toward mundane every day subjects as well as incorporating such ideas as metanarrative stream of consciousness and disjointed timelines the American Modernist Era was

at its heyday during the years 1914-1949. It produced such great authors as Ernest Hemingway, William Faulkner, and F. Scott Fitzgerald, and memorable works like *As I Lay Dying* and *The Great Gatsby*. Literary Research and the American Modernist Era offers the scholar and researcher a clear introduction to the best contemporary library resources and practices for researching American modernist writing. Graduate students, advanced undergraduates, researchers, and scholars specializing in American modernist writing will improve their information skills and fluency, whether in the real or the virtual library. Even those lacking access to some of the resources described here can profit from this overview of literary research because it will help them frame questions, indicate where to go for answers, and demonstrate useful connections between many of the secondary scholarly sources. This guide offers a coherent account of how contemporary research skills and resources can complement one another in helping the scholar effectively deal with typical challenges they encounter in their work.

Literary Research and the American Realism and Naturalism Period Linda L. Stein, Peter J. Lehu, 2008-12-12. The American Realism and Naturalism literary period lasted from roughly 1861 to 1914. It was characterized by its response to the political, economic, and technological changes that transformed the nation during the Civil War and postbellum years. Some of the most well-known authors in American history wrote during this time, including Mark Twain, Henry James, Edith Wharton, Charles W. Chesnut, and Upton Sinclair. *Literary Research and the American Realism and Naturalism Period: Strategies and Sources* will help those interested in researching this era. Authors Linda L. Stein and Peter J. Lehu emphasize research methodology and outline the best practices for the research process, paying attention to the unique challenges inherent in conducting studies of national literature. Each chapter covers a different type of resource: general and literary reference books, library catalogs, print and online bibliographies, scholarly journals, publishing history sources, contemporary journals and newspapers, microform and digital collections, manuscript and archival material, and websites. The book offers a coherent account of how contemporary research skills and resources can complement one another in helping scholars effectively deal with typical challenges they encounter in their work.
