recent past and impart some information through comprehensive captions which give a sense of occasion often a last run of a locomotive type or over a stretch of line about to be closed down The photos cover large parts of the country though it was impossible to get everywhere given the overall timetable of just a few years mainly when the author was still a schoolboy with limited time and disposable income to get around Pictures are of the highest quality that could be produced with the equipment then available but they do reflect real life and real times In simple terms a look at a period not so long ago but now gone forever
