Another Frank Capra Leland Poague, 1994 *Another Frank Capra* offers a new interpretation of the great Hollywood director beyond the patriotic sentimentalist or the cynical opportunist that he has been taken for Often cast as a cinematic simpleton or primitive Capra's exploitation of the stylistic and narrative resources of cinema was in fact extremely self-conscious and adventurous in ways typical of artistic modernism His modernism is also evident in his repeated and strong identification with female characters Informed by recent work in genre theory and feminist psychology *Another Frank Capra* shows Capra to be a proto feminist director whose feminism has been entirely neglected by previous critics

Labor and Desire Paula Rabinowitz, 2000-11-09 This critical historical and theoretical study looks at a little known group of novels written during the 1930s by women who were literary radicals Arguing that class consciousness was figured through metaphors of gender Paula Rabinowitz challenges the conventional wisdom that feminism as a discourse disappeared during the decade She focuses on the ways in which sexuality and maternity reconstruct the classic proletarian novel to speak about both the working class woman and the radical female intellectual Two well known novels bracket this study Agnes Smedley s Daughters of Earth 1929 and Mary McCarthy s The Company She Keeps 1942 In all Rabinowitz surveys more than forty novels of the period many largely forgotten Discussing these novels in the contexts of literary radicalism and of women s literary tradition she reads them as both cultural history and cultural theory Through a consideration of the novels as a genre Rabinowitz is able to theorize about the interrelationship of class and gender in American culture Rabinowitz shows that these novels generally dismissed as marginal by scholars of the literary and political cultures of the 1930s are in fact integral to the study of American fiction produced during the decade Relying on recent feminist scholarship she reformulates the
