Sanga, 2003-03-30 With the publication of Salman Rushdie's Booker Prize winning novel *Midnight's Children* in 1981 followed by the unprecedented popularity of his subsequent works the cinematic adaptation of Michael Ondaatje's *The English Patient* many other best sellers written by South Asian novelists writing in English have gained a tremendous following This reference is a guide to their lives and writings The volume focuses on novelists born in South Asia who have written and continue to write about issues concerning that region Some of the novelists have published widely while others are only beginning their literary careers The volume includes alphabetically arranged entries on more than 50 South Asian novelists Each entry is written by an expert contributor and includes a biography a discussion of major works and themes a summary of the novelist's critical reception and primary and secondary bibliographies Since many of the contributors are personally acquainted with the novelists they are able to offer significant insights The volume closes with a selected bibliography of studies of the South Asian novel in English along with a list of anthologies and periodicals *The Columbia Guide to Asian American Literature Since 1945* Guiyou Huang, 2006-08-08 The Columbia Guide to Asian American Literature Since 1945 *The Realist Novel* Dennis Walder, 2005-08-18 This book guides the student through the fundamentals of this enduring literary form By using carefully selected novels the authors provide a lively examination of the particular themes and modes of realist novels of the period **Handbook of Poetic Forms** Jessica Bundschuh, Irmtraud Huber, 2025-10-06 This Handbook of Poetic Forms aims to offer historically informed approaches to a wide variety of poetic forms A particular emphasis will be on considering poetic form in dialogue with the cultural context in which it is being used as well as within the literary tradition of each form and to explore the stable as well as the historically variable affordances of each form in

such contexts Hereby the focus lies on prescriptive forms that is on poetic forms which are defined by or at least associated with specific metrical stanzaic or overall structures or the absence of such rather than poetic genres that are primarily characterised by similarities in subject matter like the elegy or the ode While this Handbook should be accessible to students its aim is not to offer basic introductions but rather to broaden a historical and functional understanding of the poetic forms it covers and to engage with poetic forms not as givens but as historically contingent processes of formation Above all this Handbook s formalism is new formalist in emphasising historical awareness and contextualisation **100 One-Night**
