described the result as an ultra thin hand contoured double cutaway body The modernistic amalgam of bevels and points and angles was a radical departure and this new book tells the story of all the SG models that followed the Junior Special Standard Custom and more There are interviews with and stories about Gibson personnel through the years and all the major SG players including Pete Townshend Frank Zappa Eric Clapton Angus Young George Harrison Gary Rossington Tony Iommi and Derek Trucks In the tradition of Tony Bacon s bestselling series of guitar books The SG Guitar Book is three great volumes in one package a collection of drool worthy pictures of the coolest guitars a gripping story from the earliest prototypes to the latest exploits and a detailed collector s database of every production SG model ever made **The Taylor**
