The Hidden A Novel Of Suspense:

The Hidden Bill Pronzini, 2010-11-09 A young couple retreat to a friend's remote California coastal cottage to work on their marital problems amidst a fierce winter storm and a series of random murders in this thriller from the author of *The Other Side of Silence*. *The Hidden* Heather Graham, 2015 Can the same killer strike again a hundred and fifty years later? Estes Park, Colorado is a place of serenity. But it wasn't always so serene. Shortly after the Civil War, Nathan Kendall and his wife were murdered there, leaving behind a young son. The crime was never solved. Now, historian Scarlet Barlow is working at a small museum attached to a B and B, the same building where that murder occurred. She recently came to Colorado reeling after her divorce from FBI agent Diego McCullough. Diego, who's just been asked to join the Krewe of Hunters, a unit dealing with unusual situations. When Scarlet unwittingly takes pictures of people who've been murdered just like the Kendalls a hundred and fifty years before, the police look at her with suspicion. Then the museum's statues of historic people, including Nathan Kendall, begin to talk to her, and she knows it's time to call her ex-husband. Diego heads to Estes Park, determined to solve the bizarre case that threatens Scarlet's life and to reunite with the woman he never stopped loving.

The Hidden Melanie Golding, 2021-11-09 A stunning tale of folkloric suspense for fans of Victor LaValle and Alma Katsu from the critically acclaimed author of *Little Darlings*. This beautifully original thriller of murder, desperation, and the nature of motherhood puts a spine-tingling twist on the Selkies of Celtic mythology. Christopher Golden, New York Times bestselling author. One dark December night in a small seaside town, a little girl is found abandoned. When her mother finally arrives, authorities release the pair, believing it to be an innocent case of a toddler running off. Gregor, a seemingly single man, is found bludgeoned and left for dead in his apartment, but the discovery of children's toys raises more questions than answers. Every night, Ruby gazes into Gregor's apartment, leading to the discovery of his secret family: his unusually silent daughter and his mentally unstable wife, Constance, who insists that she is descended from the mythological Selkies. She begs Ruby to aid in finding the sealskin that Gregor has hidden from her, making it impossible to return to her people. DS Joanna Harper's investigation into Gregor's assault leads her to CCTV footage of the mother-daughter pair from town. Harper realizes she knows the woman almost as well as she knows herself: it's her estranged daughter, Ruby. No matter the depth of Ruby's involvement, she knows she will choose her daughter over her career. Steeped in local legend and exploring the depths of what it means to be a mother, Melanie Golding's newest novel is a stunning tale of folkloric suspense for fans of Victor LaValle and Alma Katsu. *The Hidden History of the Korean War, 1950-1951* I. F. Stone, 2014-09-16 A great journalist raises troubling questions about the forgotten war in this courageous, controversial book with a new introduction by Bruce Cumings. *The Baltimore Sun*: Much about the Korean War is still hidden, and much will long remain hidden. I believe I have succeeded in throwing new light on its origins. From the author's preface: In 1945, US troops arrived in Korea for what would become America's longest-lasting conflict. While history books claim without equivocation that the war lasted from 1950 to 1953, those

who have actually served there know better By closely analyzing US intelligence before June 25 1950 the war's official start and the actions of key players like John Foster Dulles General Douglas MacArthur and Chiang Kai shek the great investigative reporter I F Stone demolishes the official story of America's forgotten war by shedding new light on the tangled sequence of events that led to it *The Hidden History of the Korean War* was first published in 1952 during the Korean War and then republished during the Vietnam War In the 1990s documents from the former Soviet archives became available further illuminating this controversial period in history *The Hidden Hardy* Joe Fisher,2016-07-27 Focusing on narrative structure irony satire and allusion *The Hidden Hardy* offers a radical new perspective on Thomas Hardy's novels Hardy's own accounts of himself and his work have long been seen as calculated impostures it is argued here that the same qualities are not only present in his novels but are critical factors in the way they are made The respectable and acceptable surfaces are the impostures masking hidden texts which are extremely hostile to established social economic and cultural structures
