Consider What the Angels Say

George DeVangelos, 2016-08-31 Our world now and throughout history has had conflicting accounts of the nature of God and man's relationship to this cosmic deity These conflicts have wrecked havoc within the societies of humanity to dangerous levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re-calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this

correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man s religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit from its supernatural information

The Watkins Dictionary of Angels Julia Cresswell,2012-01-01 For anyone who has ever wondered just what an angel is here you will find everything you could wish to know about angels and angelic beings and their attributes *Qumran, Early Judaism, and New Testament Interpretation* Jörg Frey,2019-08-28 Back cover How did the Qumran discoveries change New Testament scholarship What are the main insights to be gained from the Qumran corpus with regard to the Jesus tradition Paul s language and theology the dualistic language and worldview of the Fourth Gospel or the formation of the biblical Canon The articles of this volume present the fruits of 25 years of scholarship on Qumran and the New Testament The Characterization of Jesus in the Book of Hebrews Brian Small,2014-01-30 In The Characterization of Jesus in the Book of Hebrews Brian Small applies the tools of literary and rhetorical criticism to reconstruct the author of Hebrew s portrayal of Jesus character The author of Hebrews uses a variety of literary and rhetorical devices in order to develop his characterization of Jesus The portrait that emerges is that Jesus is a person of exemplary character who exhibits both divine and human character traits Some of the traits reveal Jesus greatness while others reveal his moral excellence Jesus exemplary character plays a prominent role in the author s argument and has profound implications for his audience Jesus character produces many benefits for his followers and his character entails certain obligations from his followers

Angels at Qumran Maxwell Davidson,1992-03-01 A comprehensive study of the perspectives on angels of Qumran sectarian authors and of the authors of those sections of 1 Ethiopic Enoch represented in the Qumran library Marked differences emerge as the roles of angels are considered in relation to various topics These include beliefs about how the sun entered the world events at the close of the present age the means by which divine revelation is communicated to God s people and the ways in which the author thought about the relationship of the pious to angels both in this age and in the eschaton Understanding the Book of Hebrews Kenneth Schenck,2003-01-01 In this work Kenneth Schenck re presents the complex argument of Hebrews in terms of the salvation story it tells Written at a level for college and seminary students Understanding the Book of Hebrews shows how this early Christian sermon utilized the events settings and characters of the salvation story line to remind the Christian audience that Christ has provided a definitive sacrifice for sins and that reliance
