Gray,2011 1965 1967 As the New Age seemed to explode into being everything spiritual had to be Eastern Psychedelic artwork showed Glastonbury Tor overshadowed by the Maharishi Mahesh Yogi or Stonehenge sending its energies up to Lord Krishna imagery which William G Gray summed up quite simply as Balls He was working hard to make sure that our weakened or slumbering Western Traditions would survive Among his endeavours at the time was this guide to the inner and outer practicalities of ritual magic which includes

instruction on god forms words of power magic circles initiation extension of consciousness and raising power through ritual Previously unpublished Working with Inner Light is the first new book by William G Gray since the author's death in 1992 Written in the form of a journal or magical diary it includes his original sketches and forms a detailed course in modern Qabalistic magic which will be of immense value to esoteric students and practitioners working within the Western Mysteries today

The Inner Witchcraft of the Mind Albertus Crowley, 2020-07-31 The Inner Witchcraft of the Mind is an occult manual that explores and teaches the magical secrets of the mind By learning the magical aspects of the mind you can wield the forces of magic like never before Indeed in the study and practice of magic the mind is held in the highest esteem thereby the ancient saying The All is Mind the Universe is Mental However only a few understand what this means which also explains why only a few are able to wield the powers of magic and the forces of nature effectively This manual shares essential theories and foundational practices that will allow you to understand and know the magical power of your mind and thereby allow you to use it magically The mind is your most powerful weapon in magic As a witch or magus it is only right that you learn to use your magic and that you ought to use it in a magical way Remember As your mind is so does reality also become By learning to make your mind magical you can also live and experience a magical life This manual reveals the way into true initiation into the magical path by turning your mind magical After all true magic is not supposed to be something that you should just know but it also needs to be felt and personally experienced in life However the mind is often like a wild animal that is hard to tame This is why you should also engage in magical practices The practices in this manual are effective short and simple in order to allow the mind to focus on the magic at hand After all true magical instructions ought to be short for it is the actual practice that makes it long and meaningful for it is only through practice that one can fully realize the meaning of a technique The magic of the mind has been hidden and guarded in strict secrecy and for good reasons For years many seekers of the occult arts have searched in vain Finally now the search is over for it is now time to learn and practice the divine arts of veritable magic The Inner Witchcraft of the Mind is the key that can open wide the gates of magic for you May this manual be your guiding light and lead you to a path of peace love kindness and a magical and meaningful life Always remember that the practice of true magic should make your life better as well as turn you into a better human being There is only one requirement that you need to engage in the knowledge and practices in this manual and that is to have a good heart Be kind gentle and loving and the mysteries of the universe shall unfold and reveal themselves to you Are you ready for true magic Come and blessed be
