The Illegal Business Of Human Trafficking:

The Illegal Business of Human Trafficking Maria João Guia, 2014-12-26 This book offers a brand new perspective on human trafficking as an illegal business. It also proposes a new form of networked action combining the perspectives of academic researchers with those of highly skilled professionals involved in policymaking in this area. This book is a unique contribution and a first step toward a networking paradigm promoting collaboration in preventing and combating human trafficking crime and in raising awareness of this ongoing problem. This book was born within the CINETS group Crimmigration Control International Net of Studies www.crimmigrationcontrol.com which was established in 2011 with the aim of bringing together expertise from different fields, professions, universities, and countries. It aims to form a new paradigm for sharing knowledge and advancing research on topics related to human trafficking, crimmigration control, immigration, and crime, immigrant detention, and all types of violence that may affect victims of crimes, helping to create a fairer society.

Transnational Crime Fiction Maarit Piipponen, Helen Mäntymäki, Marinella Rodi-Risberg, 2020-10-27 Focusing on contemporary crime narratives from different parts of the world, this collection of essays explores the mobility of crimes, criminals, and investigators across social, cultural, and national borders. The essays argue that such border crossings reflect on recent sociocultural transformations and geopolitical anxieties to create an image of networked and interconnected societies where crime is not easily contained. The book further analyses crime texts' wider sociocultural and affective significance by examining the global mobility of the genre itself across cultures, languages, and media. Underlining the global reach and mobility of the crime genre, the collection analyses types and representations of mobility in literary and visual crime narratives, inviting comparisons between texts, crimes, and mobilities in a geographically diverse context. The collection ultimately understands mobility as an object of study and a critical lens through which transformations in our globalised world can be examined.

Sex Trafficking and Human Rights Heather Smith-Cannoy, Patricia C. Rodda, Charles Anthony Smith, 2022-09-01 Case studies explore how women's rights shape state responses to sex trafficking and show how politically empowering women can help prevent and combat human trafficking. Human trafficking for the sex trade is a form of modern day slavery that ensnares thousands of victims each year, disproportionately affecting women and girls. While the international community has developed an impressive edifice of human rights law, these laws are not equally recognized or enforced by all countries. *Sex Trafficking and Human Rights* demonstrates that state responsiveness to human trafficking is shaped by the political, social, cultural, and economic rights afforded to women in that state. While combatting human trafficking is a multiscale problem with a host of conflating variables, this book shows that a common theme in the effectiveness of state response is the degree to which women and girls are perceived as and actually are full citizens. By analyzing human trafficking cases in India, Thailand, Russia, Nigeria, and Brazil, they shed light on the factors that make some women and girls more susceptible to traffickers than others. This important book is both a call to understanding and a call to

action if the international community and state governments are to responsibly and effectively combat human trafficking they must center the equality of women in national policy

Combating Human Trafficking in Our Major Cities United States. Congress. House. Committee on Homeland Security, 2014

Examining Crime and Justice around the World Janet P. Stamatel, 2020-11-04 A thorough and timely investigation of both well established and emerging crime and punishment issues this book provides readers with compelling examples of how different countries around the world confront these problems This book offers a detailed look at 10 hot topics in crime and punishment that are shared by many countries Some of these topics are well established within the field of criminology such as patterns of criminal behavior juvenile delinquency drug trafficking policing and punishment others are emerging topics that have not been well studied across a variety of countries such as violence against women hate crimes and gun control Within each topic the book explores how eight countries experience the issue highlighting similarities across different places as well as unique treatments of the problem The chapter on punishment addresses the widespread use of incarceration as criminal punishment but also considers different philosophies with respect to the purpose of incarceration and whether or not this strategy is effective in the face of large scale criminal events such as mass atrocities The country narratives provide historical context for understanding the particular crime or punishment issue current trends and relevant statistical data for describing the extent of the issue and changes over time in addition to contemporary examples of the issue

Migration, Refugees and Human Security in the Mediterranean and MENA Marion Boulby, Kenneth Christie, 2018-03-15 This book focuses on the Mediterranean MENA migration crisis and explores the human security implications for migrants and refugees in this troubled region Since the Arab uprisings of 2010 2011 the Middle East and North Africa region has experienced major political transformations and called into question the legitimacy of states in the region Displaced populations continue to suffer due to the major conflicts in Syria Iraq and elsewhere causing fragmentation and dis integration of communities Contributors to this volume analyze how and why this crisis differs significantly from previous migration refugee flows in the region explain the historical and political antecedents of this crisis which have played a part in its shaping and explore the relationship between human security and the protection of vulnerable individuals and groups

Challenging Perspectives on Street-Based Sex Work Katie Hail-Jares, Corey S. Shdaimah, Chrysanthi S. Leon, 2017-07 Are sex workers victims criminals or just trying to make a living Over the last five years public policy and academic discourse have moved from criminalization of sex workers to victim based understanding shaped by human trafficking While most research focuses on macro level policies and theories less is known about the on the ground perspectives of people whose lives are impacted by sex work including attorneys social workers police officers probation officers and sex workers themselves Challenging Perspectives on Street Based Sex Work brings the voices of lower echelon sex workers and those individuals charged with policy development and enforcement into conversation with one another Chapters highlight some of the current approaches to sex work such as diversion courts

trafficking task forces law enforcement assisted diversion and decriminalization It also examines how sex workers navigate seldom discussed social phenomenon like gentrification pregnancy imperialism and being subjects of research Through dialogue our authors reveal the complex reality of engaging in and regulating sex work in the United States and through American aid abroad Contributors include Aneesa A Baboolal Marie Bailey Kloch Mira Baylson Nachale Hua Boonyapisomparn Belinda Carter Jennifer Cobbina Ruby Corado Eileen Corcoran Kate D Adamo Edith Kinney Margot Le Neveu Martin A Monto Linda Muraresku Erin O'Brien Sharon Oselin Catherine Paquette Dan Steele Chase Strangio Signy Toquinto and the editors *Trafficking Harms* Katrin Roots, Ann De Shalit, Emily van der Meulen, 2024-05-16T00:00:00Z

Amid the proliferating scholarship and often sensational public campaigns Trafficking Harms offers fresh insights and critical analyses The collection's four thematic areas Discourses and Representations Law and Prosecutions Policing and Surveillance Migrant Labour Exploitation examine an array of issues including the contested definitions of human trafficking the application of trafficking law and policy the conflation of sex work and trafficking the impacts of anti trafficking frameworks on racialized communities questions around victims and traffickers and much more Showcasing a mix of scholarly research public advocacy and first person narratives this book is the first of its kind in Canada The authors include a diverse group of academics legal advocates frontline activists who work with migrant and sex working communities individuals who have been charged and or convicted of trafficking offences and those who are directly impacted by trafficking law and policing such as domestic and migrant sex workers

The Politics of Bodies at Risk Maria Boikova Struble, 2019-03-13 An understanding of International Relations exclusively as a sphere plagued by countless known and unknown risks looming disasters and imminent threats leaves an important aspect of the study of politics unengaged that of the human herself The Politics of Bodies at Risk re engages and re conceptualizes politics from the point of view of the everyday experiences of human materiality living with risk across geopolitical worlds and state borders Re imagining human bodies as productive singular and embodied materiality removes them from an understanding of life in an age of terror as pejorative dispensable and burdensome enabling a novel understanding of politics as an embodiment of human bodies with risk and not as a sphere of activity aimed primarily at managing silencing and normalizing the risky other Drawing on case studies from several countries and across several disciplines The Politics of Bodies at Risk investigates the possibility of developing an understanding of the productive possibilities contained in engaging with the human body as a site of a radical interconnectedness between politics singularity risk and security

Using Open Data to Detect Organized Crime Threats Henrik Legind Larsen, José María Blanco, Raquel Pastor Pastor, Ronald R. Yager, 2017-04-07 This work provides an innovative look at the use of open data for extracting information to detect and prevent crime and also explores the link between terrorism and organized crime In counter terrorism and other forms of crime prevention foresight about potential threats is vitally important and this information is increasingly available via electronic data sources such as social media

communications. However, the amount and quality of these sources is varied, and researchers and law enforcement need guidance about when and how to extract useful information from them. The emergence of these crime threats, such as communication between organized crime networks and radicalization towards terrorism, is driven by a combination of political, economic, social, technological, legal, and environmental factors. The contributions to this volume represent a major step by researchers to systematically collect, filter, interpret, and use the information available. For the purposes of this book, the only data sources used are publicly available sources which can be accessed legally and ethically. This work will be of interest to researchers in criminology and criminal justice, particularly in police science, organized crime, counterterrorism, and crime science. It will also be of interest to those in related fields such as applications of computer science and data mining, public policy, and business intelligence.
