Roderick Kiewiet,Mathew D. McCubbins,1991-06-18 Why do majority congressional parties seem unable to act as an effective policy making force They routinely delegate their power to others internally to standing committees and subcommittees within each chamber externally to the president and to the bureaucracy Conventional wisdom in political science insists that such delegation leads inevitably to abdication usually by degrees sometimes precipitously but always completely In The Logic of Delegation however D Roderick Kiewiet and Mathew D McCubbins persuasively argue that political scientists have paid far too much attention to what congressional parties can't do The authors draw on economic and management theory to demonstrate that the effectiveness of delegation is determined not by how much authority is delegated but rather by how well it is delegated In the context of the appropriations process the authors show how congressional parties employ committees subcommittees and executive agencies to accomplish policy goals This innovative study will force a complete rethinking of classic issues in American politics the autonomy of congressional committees the reality of runaway federal bureaucracy and the supposed dominance of the presidency in legislative executive relations     *The Eastern Underwriter*,1913     Niles' National Register,1816 Containing political historical geographical scientifical statistical economical and biographical documents essays and facts together with notices of the arts and manu factures and a record of the events of the times     **The Insurance Times**,1887     **The Weekly Underwriter and the Insurance Press**,1933     Industrial Development and Manufacturers' Record,1903
