He was desperate to make sure his daughter did not die the same way her mother had but in my opinion he went a little too far in his arrangements. I suppose the purchase could not have happened any other way and Helen May also felt compelled to go ahead and move to the land even though she did not really want to go but still his action was a bit of a shock. Anyway she meets Starr whose real name is not at all cowboyish or Western and does not realize that he is not just some desert drifter he is actually a Secret Service man working undercover as a stock buyer while he tries to find out as much as he can about a suspected plot of treason. Yes it all sounds a little far fetched and it was but the story was still entertaining. **B. M. Bower:**
