Constructing International Relations: The Next Generation Karin M. Fierke, Knud Erik Jorgensen, 2015-06-01 The constructivist approach is the most important new school in the field of postcold war international relations Constructivists assume that interstate and interorganizational relations are always at some level linguistic contexts Thus they bridge IR theory and social theory This book explores the constructivist approach in IR as it has been developing in the larger context of social science worldwide with younger IR scholars building anew on the tradition of Wittgenstein Habermas Luhman Foucault and others The contributors include Friedrich Kratochwil Harald Muller Matthias Albert Jennifer Milliken Birgit Locher Dodge and Elisabeth Prugl Ben Rosamond Nicholas Onuf Audie Klotz Lars Lose and the editors Constructing Science Deena Skolnick Weisberg, David M. Sobel, 2022-09-20 An examination of children s causal reasoning capacities and how those capacities serve as the foundation of their scientific thinking Young children have remarkable capacities for causal reasoning which are part of the foundation of their scientific thinking abilities In Constructing Science Deena Weisberg and David Sobel trace the ways that young children s sophisticated causal reasoning abilities combine with other cognitive metacognitive and social factors to develop into a more mature set of scientific thinking abilities Conceptualizing scientific thinking as the suite of skills that allows people to generate hypotheses solve problems and explain aspects of the world Weisberg and Sobel argue that understanding how this capacity develops can offer insights into how we can become a more scientifically literate society Investigating the development of causal reasoning and how it sets the stage for scientific thinking in the elementary school years and beyond Weisberg and Sobel outline a framework for understanding how children represent and learn causal knowledge and identify key variables that differ between causal reasoning and scientific thinking They present empirical studies suggesting ways to bridge the gap between causal reasoning and scientific thinking focusing on two factors contextualization and metacognitive thinking abilities Finally they examine children s explicit understanding of such concepts as science learning play and teaching *Defense Acquisitions: Navy Faces Challenges Constructing the Aircraft Carrier Gerald R. Ford within Budget* , **G2: Building the Next Generation** Philip Palaveev, 2017-08-22 Vital guidance to ensuring the future of your firm G2 Building the Next Generation provides financial advisory firms with a clear roadmap to management succession Based on the author s 17 years of experience with over 1 000 firms this book provides a systematic process to help you identify develop and install the new leadership that will guide your firm s future Extensive statistical research backs proven strategies for structuring management and succession overcoming obstacles selling equity and more while expert guidance walks you through the process and warn you of potential pitfalls along the way A generation of entrepreneurs used their talent and ambition to build an industry to ensure that their success lives on those leaders now face the formidable challenge of succession With the future of your firm at stake how do you recruit train mentor and develop the next generation of professionals owners and leaders This book shows you how to find the people you need and develop

them into the leadership your firm deserves Identify and develop future leaders from the pool of existing and upcoming talent Structure management and management succession to ensure successful transition Begin selling equity to your firm s next generation of leaders Learn smart strategies for dealing with setbacks along the way The next generation of leaders will shape the future of your firm but collectively they will define the future of the entire advisory industry Firms who succeed in developing their best talent will continue to thrive those who fail will be left with a great car but no driver Getting this right may be one of the most critical points of your career and it isn t something that should be left to chance or gut feeling G2 Building the Next Generation gives you a solid grounded systematic approach for ensuring your firm s long lived success
