The conference in particular places great attention on solutions to educational problems that are highly aligned with four Sustainable Development Goals from the seventeen goals designed by UNESCO. The book focuses on quality education, industry innovation and infrastructure, reduced inequalities, etc. The FOE 2023 proceedings offer contributions covering a diverse range of innovations and technology in education and how they may facilitate the current stages of education and shape future avenues for offering quality and accessible education. Moreover, the articles presented in this book present dynamic computing and pedagogical approaches to empower learners and educators across the globe. As our planet continues to tackle international crises including poverty, climate change, limited access to technological tools, and global pandemics, remote and/or online teaching and learning find paramount importance, which has also been considered a powerful theme in the presented articles. These essential components highly contribute to reduced inequalities, serving learners from higher education levels to lifelong learners while playing a crucial role in closing the gap between the skill set obtained by the graduates and those demanded by the job market.

Management with Online Study Tools 12 Months
 Danny Samson, Timothy Donnet, Richard L. Daft, 2017-10-25
 Samson Daft Donnet's Management is a robust foundation text providing a balance of broad theoretical content with an engaging, easy-to-understand writing style. It covers the four key management functions: planning, organising, leading, and controlling, conveying to students the elements of a manager's working day. Along with current management theory and practice, the authors integrate coverage of innovation, entrepreneurship, agile workplaces, social media, and new technology throughout. This sixth edition features a new author on the team and contains updates to content based on recent research. Real-life local and international examples showcase the ongoing changes in the management world. Focusing on a skills approach, they bring concepts to life for students, supporting motivation, confidence, and mastery. Each part concludes with a contemporary continuing case study focusing on car company Toyota as it faces managerial challenges and opportunities in the region.
