Conveyancing Handbook Frances Silverman, 2015-12-08 The Law Society's Conveyancing Handbook is revised annually by a team of expert editors and contributors directed by an editorial board and edited by Frances Silverman. Its up-to-date guidance on good practice makes it every conveyancer's first port of call for the resolution of issues arising from day to day transactions. Among the changes to the law and practice covered by this 22nd edition are good practice regarding pre contract searches and enquiries, the scope of Flood Re, contaminated land practice, note architects' certificates after Hunt v Optima, regulation affecting off mains drainage. These developments and more are considered within a chronological account of a residential conveyancing transaction supported by comprehensive reference materials including all the relevant standard forms and guidance.

Vacant Possession Keith Shaw, 2010 Vacant possession is an element of property law that ensures a property is left in good condition when it changes hands. Every time a property is sold or if tenants move out of rented property, vacant possession is unavoidable, a vital part of the job of any property lawyer or surveyor. Yet this is the first book to look at this area in depth. If a property professional understands vacant possession, they can make sure their cases move quickly and completely at a time that suits them. If they do not, they are vulnerable to others who know it better and can use the law to frustrate proceedings for months or even years while their clients continue to pay money on rent or mortgage payments for properties they're not using. This book is essential reading for all property lawyers and surveyors. It is destined to be the definitive guide to vacant possession.

Detailed information on Home Information Packs ensures that the reader is kept up to date with this new legislation and the text also considers the impact of the new Solicitors Code of Conduct which came into force on July 1 2007. Detailed explanations of the law are accompanied by a number of practical suggestions to help save time and money.
