

An artistic illustration of two hip prostheses, one on the left and one on the right, set against a background of stylized green and blue shapes. The prostheses are depicted in a light pinkish-beige color. The left prosthesis has a curved neck and a flared head, with a small circular arrow indicating rotation. The right prosthesis has a more straight neck and a similar flared head. The background consists of large, overlapping, organic shapes in various shades of green and blue, creating a textured, almost cellular appearance.
