

A shopping cart with a red handle is positioned in the foreground of a retail aisle. The aisle is lined with tall, white, empty shelves that recede into the background. The lighting is bright and even, creating a clean, minimalist environment. The cart is a standard wire mesh design with four wheels and a red plastic handle.

Consumer-Centric Category Management ACNielsen, Al Heller, 2014-06-09 In some parts of the world especially in developing markets category management today remains a stretch goal a new idea full of untapped potential In other areas the original eight step process that emerged in the late 1980 s forms the foundation of many companies approach to category management In still others particularly in developed countries like the U S the U K and

others refinements are being made most of them designed to place consumer understanding front and center New ideas are emerging from trip management to aisle management to customer management Whether a new descriptor emerges to replace category management is yet to be seen Even if that does happen what won't change is the overall objective to help retailers and their manufacturer partners succeed by offering the right selection of products that are marketed and merchandised based on a complete understanding of the consumers they are committed to serving This book which explores both the state of and the state of the art in category management is for everyone with a vested interest in category management It can serve such a broad audience because category management is about bringing a structured process to how executives think and make decisions about their businesses no matter what information and information technology they have access to

Remarkable Retail Steve Dennis, 2021-04-13 Physical retail isn't dead but boring retail is Remarkable Retail equips the savvy retailer with eight essential strategies to thrive in an increasingly volatile and uncertain future Digital technology has profoundly altered the competitive landscape for retailers In Remarkable Retail industry thought leader Steve Dennis argues that in a world of nearly infinite choice where the lines between digital and physical are increasingly blurred even being very good is no longer good enough To win and keep customers today retailers must be nothing short of remarkable In most retail categories digital channels are often central to the consumer's journey but that doesn't mean people aren't also shopping in stores they're just using them differently often browsing in one channel and buying in the other The notion of a physical store channel and an ecommerce channel is increasingly a distinction without a difference the customer is the channel The future belongs to those who embrace the blur of digital and physical that represents modern retail today and work to deliver an experience that is more harmonized and more memorable regardless of how consumers decide to shop Packed with illuminating case studies from some of modern retail's biggest success stories and leveraging Dennis's more than thirty years as a senior executive and strategic consultant to dozens of brands Remarkable Retail lays out the case for going beyond a slightly better version of mediocre and forging a path to being truly remarkable To help retailers on this transformation journey Dennis presents eight essential strategies for visionary leaders who are prepared to reimagine their way of doing business A remarkable retailer is digitally enabled human centered harmonized mobile personal connected memorable and radical In an age where consumers have short attention spans myriad options and a digitally integrated relationship with every brand Remarkable Retail is your indispensable guide to creating a powerful retail experience that keeps your customers coming back for more
