Publishing the Woman Writer in England, 1670-1750 Leah Orr, 2023-06-14 In the late seventeenth and eighteenth centuries the woman writer emerged as a category of authorship in England Publishing the Woman Writer in England 1670 1750 seeks to uncover how exactly this happened and the ways publishers tried to market a new kind of author to the public Based on a survey of nearly seven hundred works with female authors from this period this book contends that authorship was constructed not always by the author for market appeal that biography often supported an authorial persona rooted in the genre of the work and that authorship was a role rather than an identity Through an emphasis on paratexts including prefaces title pages portraits and biographical notes Leah Orr analyses the representation of women writers in this period of intense change to make two related arguments First women writers were represented in a variety of ways as

publishers sought successful models for a new kind of writer in print Second a new approach is needed for studying early women writers and others who occupy gaps in the historical record This book shows that a study of the material contexts of printed books is one way to work with the evidence that survives It therefore begins with a very familiar kind of author centric literary history and deconstructs it to conclude with a reception centered history that takes a more encompassing view of authorship In addition to analysis of many little known and anonymous authors case studies include Aphra Behn Catharine Trotter Cockburn Laetitia Pilkington Marie Catherine d Aulnoy and Anne Dacier [Manga: The Complete Guide](#) Jason Thompson,2012-07-03 Reviews of more than 900 manga series Ratings from 0 to 4 stars Guidelines for age appropriateness Number of series volumes Background info on series and artists THE ONE STOP RESOURCE FOR CHOOSING BETWEEN THE BEST AND THE REST Whether you re new to the world of manga style graphic novels or a longtime reader on the lookout for the next hot series here s a comprehensive guide to the wide wonderful world of Japanese comics Incisive full length reviews of stories and artwork Titles rated from zero to four stars skip the clunkers but don t miss the hidden gems Guidelines for age appropriateness from strictly mature to kid friendly Profiles of the biggest names in manga including CLAMP Osamu Tezuka Rumiko Takahashi and many others The facts on the many kinds of manga know your sh jo from your sh nen An overview of the manga industry and its history A detailed bibliography and a glossary of manga terms LOOK NO FURTHER YOU VE FOUND YOUR IDEAL MANGA COMPANION **EPISTLES OF A PROLIFIC PONTIFF (Second & Updated edition)** M.
