Nobody Is Ever Missing Catherine Lacey, 2025-09-23 In the spirit of Haruki Murakami and Amelia Gray Catherine Lacey's *Nobody Is Ever Missing* is full of mordant humor and uncanny insights as Elyria waffles between obsession and numbness in the face of love loss danger and self knowledge Without telling her family Elyria takes a one way flight to New Zealand abruptly leaving her stable but unfulfilling life in Manhattan As her husband scrambles to figure out what happened to her Elyria hurtles into the unknown testing fate by hitchhiking tacitly being swept into the lives of strangers and sleeping in fields forests and public parks Her risky and often surreal encounters with the people and wildlife of New Zealand propel Elyria deeper into her deteriorating mind Haunted by her sister's death and consumed by an inner violence her growing rage remains so expertly concealed that those who meet her sense nothing unwell This discord between her inner and outer reality leads her to another obsession If her truest self is invisible and unknowable to others is she even alive The risks Elyria takes on her journey are paralleled by the risks Catherine Lacey takes on the page In urgent spiraling prose she whittles away at the rage within Elyria and exposes the very real very knowable anxiety of the human condition And yet somehow Lacey manages to poke fun at her unrelenting self consciousness her high stakes search for the dark heart of the self

Bedlam Burning Geoff Nicholson,2003-12-30 The acclaimed author of *Bleeding London* spins a yarn of academia lunacy and the blurry lines between them in this Whitbread Prize finalist novel It all starts at Cambridge University where Dr John Bentley throws his book burning parties a little active symbolic literary criticism in which guests are invited to state their grudges against their least favorite books and then toss them into a fire It is at one such party that the brilliant but sheepish Gregory Collins meets Mike Smith a handsome classmate They become fast friends And then their friendship takes a decidedly strange turn When Gregory s first novel *The Wax Man* is published he convinces Mike to take his place on the book jacket Now Mike is the one invited to be a writer in residence at an insane asylum run by Dr Eric Kincaid whose obscure therapeutic philosophy centers on the soothing powers of literature When Mike compiles a book of the inmates writings and it becomes a literary success this comedy of errors threatens to take another far darker turn Completely addictive and very very funny Great Jonathan Lethem author of *A Gambler s Anatomy* Donald Westlake meets Ken Kesey in this compulsively good read Library Journal

Existentialism and Contemporary Cinema Jean-Pierre Boulé,Enda McCaffrey,2011-10-01 At the heart of this volume is the assertion that Sartrean existentialism most prominent in the 1940s particularly in France is still relevant as a way of interpreting the world today Film by reflecting philosophical concerns in the actions and choices of characters continues and

extends a tradition in which art exemplifies the understanding of existentialist philosophy. In a scholarly yet accessible style, the contributors exploit the rich interplay between Sartre's philosophy, plays, and novels and a number of contemporary films, including *No Country for Old Men*, *Lost in Translation*, and *The Truman Show*, with film makers including the Dardenne brothers, Michael Haneke, and Mike Leigh. This volume will be of interest to students who are coming to Sartre's work for the first time and to those who would like to read films within an existentialist perspective.
