with a nihilistic act The main character a young man feels life s limits are killing him drives to a remote area walks 100 yards and leaps into a dark and mysterious chasm known locally as the Void Friends and family are stunned What he meets in the Void is his own larger spiritual history a cohort of souls he incarnated with a string of past lives he visits and he s changed profoundly and permanently Because of his story others jump What are they jumping to Duncan Robert is the first to jump No one saw him do it but some claim they felt something at the moment he jumped a sort of missed beat or skip in the order of things The Void waits in the woods just outside of town and has for as long as anyone can remember though no one knows

why In the tradition of The Celestine Prophecy and Mutant Message Down Under this teaching fable explores the necessity of taking risks life beyond the limits and time and space and humanity s place in the universe In a way Jumping is similar to spiritually directed fantasy or channeled work I ve never written anything like it and typically don t read anything like it so I m short on language to describe it It s metaphysical and fiction which removes it from the category of straight channeling or metaphysical self help books Jane Peranteau **Where Were You Before The Tree of Life? Volume 2** Peter R.

Farley,2011-04-04 Volume 2 of 9 These books are the first to fully map out the history of alien interaction with the Earth past present and into the near future Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet especially its formative role in the global conspiracy known as the New World Order *An Amazing Human Journey*

Shakuntala Modi, M.D.,2014-10-30 When did the first humans begin to inhabit the Earth How did they get here Why and for what purpose were they put here How did they evolve from the first humans who looked like a Botticelli painting to ape like humans to modern day humans You will also read about Lamuria and Atlantis and without spirituality how Atlanteans destroyed themselves and their continent Dr Modi explains all this and more in her remarkable work about the astounding past and future of mankind In doing this she describes how spirituality is the key to successfully fulfilling mankind s desire to become one with God According to Dr Modi human beings have the unique potential to create a heaven like society on Earth by spreading the spirituality on Earth that will eventually spread to neighboring planets galaxies and the entire universe through the continued development and enhancement of spirituality From what was to what is could well include a future with the entire universe going home to God The book takes you on what can only be described as An Amazing Human Journey **Best of Growing Edge** Amy Knutson,2000 **Proceedings of the 2022 5th International Conference on Humanities Education and Social Sciences (ICHESS 2022)**
