Report of the ... Meeting British Association for the Advancement of Science,1858 **The Pertinence of Caricom in the 21st Century: Some Perspectives** Hon. Prof. Sir Kenneth O. Hall,2012-09-14 The papers in this editor's choice from among the many articles books and other commentaries that have provided clear and reasoned responses and solutions to inform and guide our leaders in the creation of a Community for All The publication posits that the time has come for the citizens of the Caribbean Community to be brought formally into the process that directly affects them and their capacity to live better lives It advocates the need for them to be informed and educated so that they can better appreciate what benefits Community membership has brought them Armed with such information they will be better equipped to take increasingly more positive action in their collective interest **Report of the ... Meeting of the British Association for the Advancement of Science** British Association for the Advancement of Science,1858 **The Rise and Fall of Neoliberal Rentier Capitalism** Luiz Carlos Bresser-Pereira,2025-02-10 The Rise and Fall of Neoliberal Rentier Capitalism is an account of the political economy of capitalism in the 20th and 21st centuries Capitalism is an unjust form of economic organisation it is a culture of exacerbated individualism justified by the glorification of individual competition Today after 40 years of neoliberalism capitalism faces again a legitimisation crisis The book discusses capitalism after two revolutions the Organisational Revolution and the Democratic Revolution It views capitalism since the New Deal in the US and the post war as a progressive and developmental era and the Neoliberal Turn as the change from social democracy to radical and regressive global neoliberalism which was a regressive time for almost forty years In the Neoliberal Years rentiers replaced entrepreneurs in the command of the economy and called on the financiers to manage their wealth and serve as organic intellectuals and both mounted an attack to the state which is the main capitalist institution The global crisis and in 2020 the Covid pandemic showed that the state remains the nations resource of last instance The transition of China from statism to an active developmentalism resulted in an extraordinary growth Given such realities in 2021 we saw the collapse of neoliberalism and in the United States a Developmental Turn the state is back in the economy The transition phase we live in is characterised by three main forces economic liberalism managerialism and democracy Economic liberalism is the great defeated managerialism became powerful and is developmental and democracy is the stronger force It was attacked by neoliberalism and is now being attacked by right wing populism but resisted and resists brilliantly proving that it was a conquest of the popular classes that became a universal value counting on the support of all social classes **The Rise and Fall of Catholic Religious Orders** Patricia Wittberg,1994-01-01 A sociological analysis of the periodically recurring cycles of Roman Catholic religious life applying the theories and research on large scale social movements and on the internal dynamics of other intentional communities to the data presented in historical works on specific periods Following an introductory chapter The Extent of the Problem **Report of the Twenty-Seventh Meeting of the British Association**
