Hanson, 2008-07-02 Covering all advanced practice competencies and roles this book offers strategies for enhancing patient care and legitimizing your role within today's health care system. The development of all major competencies of advanced practice nursing is discussed, direct clinical practice, consultation, coaching, guidance, research, leadership, collaboration, and ethical decision making. Advanced practice competencies are discussed in relation to all advanced practice nursing and blended CNS/NP roles, case manager, acute care nurse practitioner, highlighting the shared aims and distinctions of each role. In-depth discussions on educational strategies explain how competencies develop as the nurse's practice progresses.
