Autocar, 2004 The Meaningful Brand N. Hollis, 2016-04-30 Instilling brand loyalty among consumers is the key to long term success and requires focusing on meaningful differentiation functional emotional or societal Supported by data analyses case studies and interviews The Meaningful Brand explores the four components of a distinguished brand purpose delivery resonance and difference

Brand Premium N. Hollis, 2017-06-30 Why do consumers pay a premium price for a brand Is it better quality the look and feel or is it the brand s social standing Author Nigel Hollis believes the answer to all those questions is yes Yet the vast majority of brands today trade on past equity and transient buzz And marketers focus on plan execution rather than creating meaningful differentiation rooted in the brand experience This lack of meaning is creating a market full of commodities rather than products that instill loyalty But loyalty i e repeat business is the key to long term success and that requires focusing on meaningful differentiation functional emotional or societal Here brand expert Nigel Hollis focuses on the four components of a meaningfully different brand purpose delivery resonance and difference This unique model will be applied to two very different brand models premium

priced and value priced The models will show readers how to amplify what their brand stands for across all the brand touch points including findability affordability credibility vitality and extendibility The book will include cases of global brands such as Dyson Johnnie Walker Geico Volkswagen and more **V10 vixen's Practical Car's** Joanna Barker, *Android Auto Tour Guide* Sanjay M. J. Jacobs, 2017-06-19 This book examines the dramatic increase in automotive assembly plants in the former Socialist Central European CE nations of Czechia East Germany Hungary Poland and Slovakia from 1989 onwards Enticed by relatively lower wage labour and significant government incentives the world's largest automakers have launched more than 20 passenger car assembly complexes in CE nations with production accelerating dramatically since 2001 As a result the annual passenger car production in Western Europe declined by more than 20% between 2001 and 2015 and alternatively in the CEE it

increased by nearly 170% during this period Drawing on case studies of 25 current and former foreign run assembly plants the author presents a rare historical account of automotive foreign assembly plants in the CE following this dramatic geographic shift This book will expand the knowledge of policy makers in Europe in relation to their pursuits of FDI and will be of great interest to scholars and students of business economic history political science and development
