 Challenges to the reliability of Scripture are perennial and have frequently been addressed However some of these challenges are noticeably more common today and the topic is currently of particular interest among evangelicals In this volume highly regarded biblical scholar Craig Blomberg offers an accessible and nuanced argument for the Bible s reliability in response to the extreme views about Scripture and its authority articulated by both sides of the debate He believes that a careful analysis of the relevant evidence shows we have reason to be more confident in the Bible than ever before As he traces his own academic and spiritual journey Blomberg sketches out the case for confidence in the Bible in spite of various challenges to the trustworthiness of Scripture offering a positive informed and defensible approach
