Strategies for Project Sponsorship Vicki James, Ron Rosenhead, Peter Taylor, 2013-05 Optimize the Role of the Project Sponsor The project sponsor is critical to project success yet it is a role that is often assigned to a member of the organization with little knowledge or training in project management practices This creates challenges not only for the sponsor but for the project manager The organization suffers too if key members of the project team are not fully utilized as

valuable resources are wasted In Strategies for Project Sponsorship the authors address this challenge from all three vantage points that of the project manager the project sponsor and the organization Based on their practical experience and solid research they offer practical methods that project manager s can use to optimize the participation of the sponsor They also offer clear and straightforward guidance for project sponsors on how to properly execute their duties and contribute to project success Executives will gain valuable perspective on the organization s projects and key players From defining the roles and responsibilities of the project sponsor to suggesting specific practices that maximize the working relationship between the sponsor and project manager this book is the ultimate guide Examples from real world sponsor experiences as well as tips techniques and tools enhance its applicability and practicality This book should be given to every newly assigned project sponsor read and referred to by every project manager and on the desk of every organizational executive as a reference

Delivering Successful PMOs Peter Taylor,Ray Mead,2016-03-09 Delivering Successful PMOs is intended to be the companion book to Leading Successful PMOs Peter Taylor which was a guide to all project based organisations providing a common language to describe the variety of possible PMOs explaining how to do the right things in the right way in the right order with the right team and identifying what made a good PMO leader Delivering Successful PMOs takes this to the next level and provides a clear framework to conceive design build prove and embody an enterprise PMO inside an organisation dealing with the strategic intentions the politics the people and the projects The book draws on the rare experience that Ray Mead through his organisation p3m global www p3m global had in building an enterprise PMO for a major organisation based in the Middle East from the ground up a greenfield enterprise PMO Through this process he and his team have developed an invaluable methodology that is shared through this book alongside a real case study this is not theory this is not perfect world modelling this is proven through practice and live application Peter and Ray extend the guidelines from the first book and weave them in to the process of delivering a PMO that works for an organisation and delivers success measured by improved project health greater returns on investment a better project management community closer connection to business strategy and a more mature project organisation

Projects: Methods: Outcomes Peter Taylor,2023-12-19 Matching the speed of change in modern business this book takes readers on a two year journey in building a project management office PMO for today and tomorrow and redefines the PMO as to what it should focus on Projects Methods and Outcomes Many organisations invest heavily in PMOs but these are built on an outdated and static model that does not fit a hybrid agile AI empowered and rapidly changing business environment Building on his renowned balanced PMO model project management leader Peter Taylor tackles today s challenges with this diary style guide to inspire all PMO leaders project managers and business leaders and provide a roadmap to follow to build or rebuild their own PMOs He presents a completely new definition of PMO eliminating the traditional back office concept of a centralised PMO with his Projects Methods Outcomes construct that provides a truly business focused team to oversee the delivery of value to their

organisation Enriched with case studies and practical models this book will benefit all PMO leaders project management professionals change and transformation leaders and anyone interested in how to deliver business value through projects
