Gray,David J. Leonard,2018-11-13 From Gamergate to the 2016 election to the daily experiences of marginalized perspectives gaming is entangled with mainstream cultures of systematic exploitation and oppression Whether visible in the persistent color line that shapes the production dissemination and legitimization of dominant stereotypes within the industry itself or in the dehumanizing representations often found within game spaces many video games perpetuate injustice and mirror the inequities and violence that permeate society as a whole Drawing from groundbreaking research on counter and oppositional gaming and from popular games such as World of Warcraft and Tomb Raider Woke Gaming examines resistance to problematic spaces of violence discrimination and microaggressions in gaming culture The contributors of these essays seek to identify strategies to detox gaming culture and orient players and gamers toward progressive ends From Anna Anthropy s Keep Me Occupied to Momo Pixel s Hair Nah video games can reveal the power and potential for marginalized communities to resist and otherwise challenge dehumanizing representations inside and outside of game spaces In a moment of MeToo BlackLivesMatter and efforts to transform current political realities Woke Gaming illustrates the power and

potential of video games to foster change and become a catalyst for social justice Contemporary Research on Intertextuality in Video Games Duret, Christophe, Pons, Christian-Marie, 2016-06-16 Culture is dependent upon intertextuality to fuel the consumption and production of new media The notion of intertextuality has gone through many iterations but what remains constant is its stalwart application to bring to light what audiences value through the marriages of disparate ideology and references Videogames in particular have a longstanding tradition of weaving texts together in multimedia formats that interact directly with players Contemporary Research on Intertextuality in Video Games brings together game scholars to analyze the impact of video games through the lenses of transmediality intermediality hypertextuality architextuality and paratextuality Unique in its endeavor this publication discusses the vast web of interconnected texts that feed into digital games and their players This book is essential reading for game theorists designers sociologists and researchers in the fields of communication sciences literature and media studies SPIN ,2006-06 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today's most innovative sounds Whether covering what's new or what's next SPIN is your monthly VIP pass to all that rocks **Vintage Games 2.0** Matt Barton, 2019-05-08 Super Mario Bros Doom Minecraft It's hard to imagine what life would be like today without video games a creative industry that now towers over Hollywood in terms of both financial and cultural impact The video game industry caters to everyone with games in every genre for every conceivable electronic device from dedicated PC gaming rigs and consoles to handhelds mobile phones and tablets Successful games are produced by mega corporations independent studios and even lone developers working with nothing but free tools Some may still believe that video games are mere diversions for children but today's games offer sophisticated and wondrously immersive experiences that no other media can hope to match Vintage Games 2.0 tells the story of the ultimate storytelling medium from early examples such as Spacewar and Pong to the mind blowing console and PC titles of today Written in a smart and engaging style this updated 2nd edition is far more than just a survey of the classics Informed by hundreds of in depth personal interviews with designers publishers marketers and artists not to mention the author's own lifelong experience as a gamer Vintage Games 2.0 uncovers the remarkable feats of intellectual genius but also the inspiring personal struggles of the world's most brilliant and celebrated game designers figures like Shigeru Miyamoto Will Wright and Roberta Williams Ideal for both beginners and professionals Vintage Games 2.0 offers an entertaining and inspiring account of video game's history and meteoric rise from niche market to global phenomenon Credit for the cover belongs to Thor Thorvaldson **The Official Xbox Magazine** ,2009 *Vintage Games* Bill Loguidice, Matt Barton, 2012-08-21 Vintage Games explores the most influential videogames of all time including Super Mario Bros Grand Theft Auto III Doom The Sims and many more Drawing on interviews as well as the author's own lifelong

experience with videogames the book discusses each game's development predecessors critical reception and influence on the industry It also features hundreds of full color screenshots and images including rare photos of game boxes and other materials Vintage Games is the ideal book for game enthusiasts and professionals who desire a broader understanding of the history of videogames and their evolution from a niche to a global market **Complex Magazine and Guide** ,2007
